Nine Entries In G. O. P. Race For Nomination For Governor

Governor Davis' statement will be found on Page 9.

COLUMBUS, O., June 9.—(By the Associated Press)—One of the hottest primary campaigns in years to-day loomed in Ohio.

This was the last day for candidates for state offices to file their formal declarations with the secretary of state, and indications were that when the books close at midnight tonight there would be at least nine Republican and three Democratic candidates for the nomination for governor, and four Republican and one Democratic candidate for United States senator.

Principal overnight developments were the definite withdrawal of Governor Davis for renomination and reelection and the entry of Congressman Charles L. Knight, of Akron, as a candidate for the Republican nomination for governor.

Daniel W. Williams, newspaper editor of Jackson, who filed as a candidate for the Republican nomination for governor, is the ninth candidate to file for governor on the Republican ticket. He has been active in politics for years, and in 1912 was associated with the progressives.

Knight and Rupert H. Beetham, of Cadiz, speaker of the Ohio house of representatives, filed their declarations today. Knight announced his candidacy last night, following the announcement by Governor Davis that he would not be a candidate.

Besides Knight and Beetham, the following have filed for the Republican nomination for governor: Carmel A. Thompson, of Cleveland; Secretary of State Harvey C. Smith, of Zanesville; State Senator Arthur H. Day, of Cleveland; C. Homer Durnell, of Coshocton; Harry Clay Smith, of Cleveland; and James W. Durnell, of Columbus, stock broker, and Daniel Webster Williams, of Jackson.

James W. Durnell, a Columbus stock broker and promoter, filed as a candidate for the Republican nomination for governor. Durnell has not been politically prominent, and his filing was a surprise to politicians.

Judge Stanley Matthews, of Cincinnati, filed for the Democratic nomination for judge of the supreme court. Hamilton G. Dewese, of Columbus, filed for the Democratic nomination for state treasurer.

Democratic candidates for the gubernatorial nomination who have filed are: A. Vic Donahay, of New Philadelphia, former state auditor; Supreme Court Justice James G. Johnson, of Springfield; and Thomas J. Duffy, of East Liverpool, a member of the state industrial commission.

United States Senator Alice Pomeren, of Canton, will be opposed for renomination on the Democratic ticket. The announced candidates for the Republican nomination for United States senator are: Congressman Simon D. Fess, of Yellow Springs; former Senator Charles Dick, of Akron; former Lieutenant Governor John A. Arnold, of Columbus; and J. W. Wood, of Sandusky.

Although he announced on March 19 that he would not be a candidate for re-election, considerable pressure had been brought on Governor Davis to enter the race for re-nomination and his friends were hopeful that he might toss his hat into the ring at the last minute. The governor intimated that he might run if other candidates would withdraw and give him a clear field, to which his friends claimed he was entitled. The other candidates, however, failed to withdraw and Governor Davis finally declared himself out.

In announcing his definite withdrawal, Governor Davis declared in favor of a longer term for Ohio governors and a limitation to one term. His statement recounted the accomplishments of the present administration and declared that for the first time in the history of the state the next legislature would not be faced with a deficiency appropriation bill. He attributed this to the success of the state reorganization code and the resulting "business administration."

His statement declared that the present administration will have built 2,000 miles of highway, or more than four times as much as any previous administration, in two years' time. Alexander R. Hawthorne, of Troy, filed for the Republican nomination for justice of the supreme court.

G. W. C. PERRY IN SHADOWS

COLUMBUS, O., June 9.—(By the Associated Press)—G. W. C. Perry, Chillicothe publisher, and superintendent of the state board of pardon and parole, who is in a local hospital suffering from an infection of the middle ear, was reported at 3:00 o'clock this afternoon to be in a dying condition. His death was momentarily expected.

COLUMBUS, O., June 9.—(By the Associated Press)—The condition of Commodore G. W. C. Perry, of Chillicothe, superintendent of the Ohio Board of Pardon and Parole, who is ill in a hospital here with an ear infection, was still reported critical this morning. His physician said Mr. Perry has an infection of the middle ear similar to mastoiditis, and little hope was held for his recovery.

Commodore Perry is publisher of the Scioto Gazette at Chillicothe, and is president of the Associated Ohio Dailies, one of the strongest newspaper organizations in the country.

Mr. Perry's condition at 9:45 this morning was reported to be worse, and that he was sinking steadily.

Mr. Perry underwent an operation at a local hospital late last night. Shortly after the operation had been performed, surgeons said Mr. Perry was rallying, but that little hope was held for his recovery.

Mr. Perry has held his present office since last January when he was appointed by Governor Davis. Previously he had been publisher of the Scioto Gazette at Chillicothe and was widely known in newspaper circles throughout the state.

His wife and daughter, Mrs. James Hannan, of Chillicothe, are at his bedside.

James C. Dunn, Cleveland Ball Magnate, Dies

CHICAGO, June 9.—(By the Associated Press)—James C. Dunn, president and chief owner of the Cleveland-American League Baseball Club, died here at 6:10 o'clock this morning.

Mr. Dunn's death came after a long illness which first became acute last February. Failing to respond to treatment given him here he went south and when he returned there was a noticeable improvement in his condition. It did not last, however, and he had been confined to his home here for some time. He is survived only by his widow, there being no children.

At Mr. Dunn's bedside when he died were his three nieces and his wife. The end came quietly, his physician reported.

While definite arrangements have not been completed for the funeral, it has been decided to comply with a last request made by the baseball magnate and bury him in Marshalltown, Iowa, his birthplace and the city always referred to by Mr. Dunn as "My home town."

A combination of complications, mostly internal and involving the heart and other vital organs of the body, caused the Cleveland club owner's death, which occurred at his home here. Mr. Dunn, besides being owner of the Cleveland Club, was a railroad contractor and widely known in this line of work.

"The death of Jim Dunn has taken from baseball one of its most noble characters," Jim Johnson, president of the American League, said today when he heard that the Cleveland club owner had died early today.

"Jim was one of the most popular club owners in the game because he played fair and square with everyone. His players loved him and the public loved him. During his five or six years as owner of the Cleveland club he made himself a big brother to every one in the game. His death is an irreparable loss to the American League and to baseball as a whole."

CLEVELAND, June 9.—(By the Associated Press)—Manager "Tris" Speaker, on receiving a message from Chicago that Mr. Dunn had died this morning, announced that today's game between the Cleveland and Washington teams here would not be played.

Wage Cuts For Clerks Soon

CHICAGO, June 9.—(By the Associated Press)—Railway telegraphers probably will not be included in the third wage reduction order of the railroad labor board, according to rumors today of the contemplated new slash from railroad pay rolls.

The telegraphers number approximately 81,000. So many local conditions on various lines have to be considered that deliberation of an order affecting the telegraphers, would necessarily consume weeks, it was said.

New wage cuts to follow the \$110,000,000 already lopped off the pay checks of 500,000 maintenance of way employees and 400,000 shopmen, will affect 350,000 railroad clerks, signalmen, stationary firemen, oilers and marine department employees, according to reports.

Chief among the groups are 220,000 clerks, 22,000 men in the signal departments and 80,000 freight handlers and truckers.

Although board members made no direct statement regarding the next cut rumors were persistent in predicting a smaller reduction for the clerical forces than those affecting the shopmen. The reason for this was said to lie in the fact that the clerks do not receive increases proportionately as great as other groups of employees when the wage scale was going up.

Outside the board rooms railroad gossip centered largely around the possibility of strikes as a result of the wage cuts.

Railroad officials continued to doubt the probability of a strike. Even if the referendum which started Tuesday should favor a strike, some rail officials doubted whether union leaders would urge an actual walk-out next month. The general employment situation, they said, may have an effect on strike plans.

Gompers In The Role Of Peace Maker; To Seek To Settle Building Trade Row

CINCINNATI, O., June 9.—(By the Associated Press)—In the role of a peace maker, Samuel Gompers, president of the American Federation of Labor, was expected to appear today before the annual meeting of the building trades department of the federation in an effort to smooth the way for settlement of the dispute that led to the carpenters' union withdrawing from the department a year ago.

No announcement of any terms of prospective settlement preceded Mr. Gompers' appearance, but his speech assured a re-opening of the dispute for general discussion. For two days Mr. Gompers and other leaders had been conferring on a settlement, the carpenters having quit the department when the board of jurisdictional awards decided that the metal workers were entitled to install metal doors and room trimmings.

Two other departments of the federation also resumed their sessions today, the delegates to the metal trades meeting expecting to conclude their work by night. The union label department delegates turned attention toward promoting the demand for union labeled products.

The approach of the opening session next Monday of the annual convention of the federation also was marked by the arrival in increasing numbers of labor leaders and the completion of preliminary details for the big labor gathering. All members of the executive council of the federation, however, are not expected to reach here until tomorrow.

Knight Pledges Abolishment Of Boards And Commissions In Ohio If Elected Governor

COLUMBUS, O., June 9.—(By the Associated Press)—Abolishment of practically every board and commission in Ohio if he is elected was promised here today by Congressman Charles L. Knight, of Akron, who last night announced his candidacy for the Republican nomination for governor.

Declaring that he has "no solemn platform to offer," Congressman Knight declared that if elected he will make a "genuine house cleaning at Columbus," and promised the politicians of both parties "at least two lean and mournful years."

In his declaration, Congressman Knight declared in favor of a system of taxation "based upon earning power of property rather than upon physical assets themselves," and promised to do all in his power to "give the public utilities commission a permanent vacation and to return the power now exercised by it to the cities in accordance with the spirit and means of the constitution."

Declaring himself to be a progressive, Congressman Knight's statement declared that "I shall not attempt to buy the governorship of Ohio, nor will I allow my friends to do it for me." Continuing, he said: "In 1912, I was a follower of the progressive banner in Ohio. I stand now where I stood then and those ideals are still my ideals."

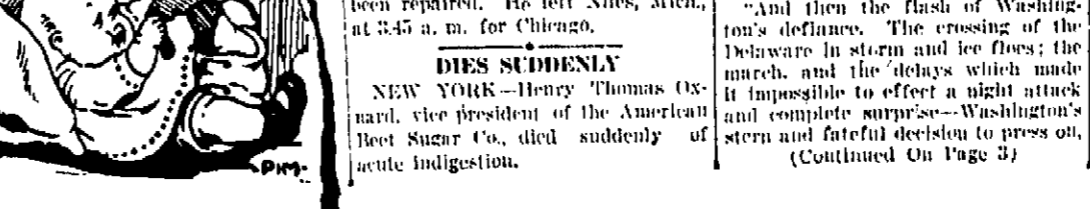

If elected, Congressman Knight promised to call a conference of governors for the purpose of "laying before them the advisability of concerted action to restore to the states the necessary sovereign powers of internal regulation" with respect to taxation particularly, "which they have surrendered to the federal government and the further invasion of which is threatening to reduce the states to mere geographical units."

Congressman Knight's platform, in brief, promises:

1. A genuine house cleaning at Columbus.
2. Two lean and mournful years for the politicians.

Plain "Buck Privates" In Army Becoming Scarce; Danger Of Disappearance

WASHINGTON, D. C., June 9.—(By the Associated Press)—Examination of war department statistics obtained today discloses that doughboys, just plain "buck privates," of infantry, are becoming almost as scarce in the army as second lieutenants were a while back.

The "buddle," with the bayonet, is the man relied on to win victories. Every other element of the army exists merely to help him on the job. Yet it is, of necessity, the "buck" privates in foot regiments that bear the brunt of every successive reduction in army strength. As congress has ordered the slashes, the numbers of the plain, humble, unspecialized "bucks" has dwindled until there is grave concern in the army over the problem of the disappearing doughboy.

Even the aggregate infantry strength, including the highly trained specialists in infantry units, modern warfare has made essential, has shown a disproportionate shrinkage. It is less today even than it was before the United States entered the great war. On April 30, 1917, there were 53,165 enlisted men in the infantry. Today, with the total strength of the army considerably higher, there are 47,587 men in the foot regiments and probably, it is said, not 20,000 of these are to be classified as just plain "buck" privates.

The impending additional reduction in the size of the army will show a further drop, officers say, and leave the military machine just as highly specialized skeleton, the bones of which are the officers, non-commissioned officers, specialized services like artillery, air service, motor transport and the bombers, automatic riflemen, machine gunners, signallers and other key men in the infantry units with just a few humble bayonet wielding "bucks" here and there to give a sketchy suggestion of a real war time force.

Major General Harbord, deputy chief of staff, pointed out the situation in the testimony before the senate military committee.

"The mission of the regulars, as assigned by law in 1920 with a total strength of 280,000 enlisted men," he said, "was to have nine divisions as a highly trained body, ready to fight at any time without delay for training or necessity for expansion." The mission was unchanged, but the force cut a year later to 150,000 men, he added, and with the cut went the nine divisions.

Incident Closed Says Hughes

WASHINGTON, D. C., June 9.—(By the Associated Press)—The incident created by the public discussion of the tariff question by Ambassador Ricci, of Italy, which brought criticism on the floor of the senate, has been definitely closed so far as the American government is concerned. The ambassador saw Secretary Hughes late yesterday in relation to the matter and it was learned authoritatively today that the conference ended the matter.

Demands Million For Wilhelm's Memoirs

BERLIN, June 9.—(By the Associated Press)—"No use offering less than a million dollars," is the telegram one American publisher has received in response to an inquiry directed to the former German emperor's Leipzig publisher relative to terms for the "American Rights of Wilhelm's memoirs."

The agents of American publishers are passing constantly to and fro between Berlin and Leipzig, and at times the discussions have become so spirited that they rival the bidding on the curb market in holstrosness. There are all sorts of groups and combinations which keep readjusting daily.

The highest bid is reported to have been \$200,000, with a decided bearish tendency. German newspaper syndicates, overcome by the prices asked for the serial rights for Germany, have dropped out of the race.

Wheat Crop To Be Larger

COLUMBUS, O., June 9.—(By the Associated Press)—With the continuation of favorable weather, the Ohio wheat crop this year should be 14-15,000 bushels more than last year's poor crop, and 4,000,000 bushels above the five year average, C. J. West, state-federal crop reporter, said in his weekly review of crop conditions today.

Indications now, Mr. West said, point to a crop of 42,795,000 bushels. The cats acreage is estimated at 1,517,000 acres, a six per cent reduction from last year, presaging a yield of 53,260,000 bushels.

OHIO POLICIES ADOPTED

COLUMBUS.—A committee representing the Virginia legislature, after making a survey of commissions for the blind throughout the country, has decided to adopt the policies used in Ohio.

Court House

Given Another Chance
Harrison Albertson who was sentenced to the penitentiary Thursday under his plea of guilty to an indictment charging non-support of his minor child, was given another chance Friday when Judge Thomas suspended the sentence on condition that the defendant pay \$3 a week for the support of the child. The court in suspending the sentence stated that there were some mitigating circumstances in favor of the accused who is a veteran of the World War.

Prisoners Arraigned

Four or five persons indicted by the recent grand jury arraigned before Judge Thomas in Common Pleas court Friday morning, pleaded not guilty and will stand trial. The only one of the quintette to admit guilt was James McBrayer who was charged with larceny in connection with the theft of an army revolver from the armory of Battery B of which he was a member. The offense was committed on April 4 last. The court imposed a fine of \$50 and costs which the defendant arranged to pay.

Everett Roberts, negro, pleaded not guilty to two indictments charging assault and battery upon Cora Cleveland and Lillian Kincaid, and Attorney H. A. Taylor was appointed to defend the accused. The alleged assaults occurred on April 8, when Roberts, it is claimed, attacked the women on the street.

George Nelson, of Crawford Station, denied failing to support his 11 year old son by a former marriage, from 1918 to 1922, and Attorney T. C. Beatty was appointed to defend him.

Attorney Theo. K. Funk was appointed to represent Calvin Deimon, N. & W. section laborer at Davis Station, who pleaded not guilty under an indictment charging incest. It is claimed that the accused is the father of the unborn child of his sister-in-law, Ida May Sheets. His bond was fixed at \$1,000 pending trial.

Wife Given Property

Adams Gets Decree

John W. Adams, N. and W. freight conductor, was granted a decree by Judge Thomas Friday divorcing him from Kellie Adams, 916 Third street, on the ground of wilful absence. The couple were married in 1933 but had been separated since 1918.

Total Granted Divorce

On the ground of neglect Connolly Toti, N. and W. car shop employee, living at Scioto Trail, and Twenty-second street, was granted a decree by Judge Thomas in Common Pleas court Friday divorcing him from Lida May Toti, 1016 Chillicothe street, whom he married April 1, 1919.

The plaintiff was also awarded the custody of their infant son, aged 2 years, after the evidence disclosed that the wife neglected the husband and their child and home for the association of other men. The wife had nothing to say in her own behalf when called to the witness stand which prompted the court to remind her that she would see the day she would be sorry for her action in deliberately abandoning her husband, child and home. Attorneys Blah and Blah appeared for the plaintiff.

Held to Grand Jury

The preliminary hearing of Hugh Crabtree, 30, McCullough young man, arrested for larceny in connection with the alleged theft of a dozen chickens from the coop of Mrs. M. B. Barger, who operated a small store at Duck Run, held before Squire George S. Morgan Friday resulted in the magistrate binding the accused over to the grand jury under \$500 bond in default of which the defendant will be held in jail. The stolen fowls were later recovered, being found secreted in an abandoned stone quarry in the vicinity.

Are Given Stiff Terms

COLUMBUS, O., June 9.—(By the Associated Press)—Lambert Britz and Fred Maney, both of Chicago, today pleaded guilty to a charge of having participated in the robbery of the Hilltop branch of the Citizens Trust & Savings Bank, and were sentenced to the penitentiary for 15 and 12 years, respectively.

Britz claims to have been in the marine corps during the war and to have been chosen as the marine with the most perfect stature to act as a model for the war poster "At Bay," which was painted by Julian Baker, a brother of Newton D. Baker, and which was posted throughout the country in the marine enlistment service. Britz also confessed having participated in the robbery of the Steelton branch of the same bank.

More than \$100,000 in cash and securities were obtained in the two robberies. Two other accomplices now are serving penitentiary sentences, and another is awaiting sentence.

Sharp Row

In Senate

WASHINGTON, D. C., June 9.—(By the Associated Press)—There was a sharp row in the senate today between Senators Simmons of North Carolina, Democratic leader in the tariff fight, and Gooding, of Idaho, chairman of the Republican agricultural tariff bloc, over tariff duties on farm products.

A charge by Senator Simmons that many of the rates on farm products never would have gotten into the tariff bill but for a "surrender" on the part of the "proclaimed friends of the farmers" to high duties on manufactured products, brought a denial from Senator Gooding that any agreement along that line had been made by members of the tariff bloc.

Hope For The Unification Of Chinese Prisoners

PEKING, June 9.—(By the Associated Press)—Two things stood out today as indications of hope for the varying through of the central China leaders' plans for unification of China—military successes in the north, which perhaps will release enough of General Wu Pei-fu's troops to enable him to make a strong demonstration against the south-China forces of Dr. Sun Yat-sen and unofficial word from Tientsin that Li Yuan-Hung was willing to modify the terms on which he would accept the presidency of the Peking government. Against this were evidences from Canton that Dr. Sun is fortifying his position at the head of what he contends is the only constitutional government in China, while the lack of a president has created a situation regarded as threatening to plans for a reunion of north and south China. Chang Tso-Lin sued for and received an armistice yesterday from General Wu Pei-fu, who has driven him steadily backward toward his Manchuria strongholds, and the terms arranged assume the establishment of a permanent peace between these two leaders.

Negotiations Toward Settlement Of Irish Situation Proceeds Satisfactorily In London

LONDON, June 9.—(By the Associated Press)—The preliminary meeting of the plenipotentiaries to the Irish treaty was expected to deal mainly with a review of the work of the legal experts in the last few days in examining the draft of the Irish constitution.

Satisfactory progress is understood to have been made in the work of redrafting the clauses in the constitution to which the British cabinet objected and everything is said to tend toward an amicable continuance of the discussions which, however, may continue into next week.

Nothing has transpired as to what answer Colonial Secretary Churchill made to Michael Collins' protest of the Pettigo incident or the character of the communications having been sent Arthur Griffith and Mr. Churchill yesterday in reference to preventing further collisions on the Ulster border.

Yesterday's occupation of Belleek by the British forces may bring forth protests similar to the one concerning Pettigo, for it is emphatically declared in unofficial reports from the Donegal side of the border that contrary to the British official statement, the first firing came from the crown forces.

That the operation was bloodless as far as the British were concerned has been confirmed, but no reliable reports are available as to the losses.

Los Angeles To Get Olympic Games

PARIS, June 9.—(By the Associated Press)—The international Olympic committee today authorized the city of Los Angeles to hold international games under the patronage of the committee in September, 1932, to dedicate its new stadium. These games, however, will have no connection with the regular Olympics.

Claypool Candidate

CHILLICOTHE, June 9.—Garrett S. Claypool, Democratic candidate for attorney general, subject to the state primary on Thursday, filed his petition with the secretary of state at Columbus.

With Such Prices As These Every
Woman Can Have Plenty Of

Silk Stockings

Our silk stocking business is on a regular rampage and no wonder, with high values and low prices as found in our hosiery shop. The woman who wants the most value for her money in silk stockings soon learns from experience that Anderson's is the place for her to shop. For Saturday we call your attention to the following:

Fiancee Silk Stockings At \$2.25

You will simply be wasting time to look for these hose on sale at any other store in the city of Portsmouth. We know a good thing same as the women do and that is why we buy Fiancee Silk Stockings and do the tremendous business that we do. We have them in Brown, Russian Calf, White, Black and Navy, strictly full fashioned, and the price of \$2.25 will prevail Saturday.

Women's Full Fashioned Silk Hose \$2.00

Here is a special lot of good silk hose, just right for June wear, in Black, Brown, White and Navy, and the special price Saturday will be \$2.00 a pair.

Women's Sport Hose 75c

These are the cool wide ribbed sport hose of soft lisle that have become so popular this season and which are being sold by other stores at considerably more than our price of 75c. We have them in the popular shade, White, Sand, Grey and Black.

White And Nude Silk Hose \$1.00

We have just received some excellent values in women's White and Nude Silk Hose, fashioned that are of good quality, and are becoming very popular. We are just putting this notice in, so that you may know where you can get this good wearing, popular priced number.

A World Of Children's Sox

Here they are by the hundreds. Plain shades, fancy tops, ordinary and three-quarter lengths, just what every child wants and at prices that will please every parent.

Exceptionally large line of Children's Sox at 25c and 35c a pair.

THREE-QUARTER LENGTH SOX of Silk Lisle in Black and Cordovan, with the wide rib, in all sizes up to 10, at 45c a pair.

High Grade Toilet Articles

Sold in Portsmouth only at Anderson's, this popular and high grade line of toilet articles answers every requirement demanded by women who are most particular about their toilet preparations. This well known line never sold before in Portsmouth until introduced by us a few weeks ago cannot be surpassed in quality while everyone is surprised at the moderateness of the prices. Here are just a few popular selling items:

ARDYN LEMON CLEANSING AND TISSUE CREAM, 50c.

ARDYN COCOA BUTTER TISSUE CREAM, 75c.

ARDYN TAR SHAMPOO, 75c.

ARDYN VANISHING CREAM, 50c.

ARDYN FACE POWDER, 75c and \$1.00.

A Good Stationery Item

A New England manufacturer of high grade Stationery was so anxious to introduce his line into Anderson's store that he has sold his popular pound paper and envelopes at a price that permits us to sell them to you at 35c a package for the paper and 25c for two packages of the envelopes. This is a splendid item at this price.

Durand "Beards Anti-Saloon League In Its Own Den"

WESTERVILLE, O., June 9.—C. Homer Durand, candidate for the Republican nomination, bearded the Anti-Saloon League in its own den here last night. Coming to the home of the dry organization he fired his oratorical salvo in behalf of light wines and beer at an audience which came to the town hall to hear him. Observers said the audience was composed of about half dry organization affiliates and the remainder of wet sympathizers.

During half of his address Mr. Durand spoke under the uncertain light of numerous candles, a breakdown having occurred at the village power plant. The breakdown was due to purely natural causes it was said.

Not Sole Issue
Mr. Durand minimized his "light wine and beer plank" declaring that he was not in the race solely on the prohibition question but that this was only one of the many things he supported.

He came to Westerville to "attack fanaticism at its root," Durand said, adding:
"I am not for the saloon. I am glad it is gone and I hope it never returns. I believe that the people should be allowed to have real beer and wines in their homes and know that the beverages are real. The Volstead law, Cramer act and the 18th amendment are insults to the intelligence of the American people."

"Better Watch Its Step"
Mr. Durand "warned" the anti-saloon league that it had "better watch its step" if it were elected. "I will not let the functions of government be usurped by men not elected by the people for that purpose."

Steel Firms Seek Dismissal Of Inquiry

WASHINGTON, D. C., June 9.—(By the Associated Press)—Dismissal of the complaint, issued by the federal trade commission on June 3 against the merger of the Bethlehem Steel Corporation and the Lackawanna Steel Company is asked in replies filed by the two companies denying that the consolidation will operate to restrain trade. In answering the complaint yesterday the companies also asked for advancement of the date of the hearing on the complaint, set for July 24, and this was taken under consideration by the commission.

At the same time assurance was given the companies by the department of justice that a final hearing would be held in its investigation of the merger as soon as possible after the furnishing of all necessary information, which Attorney General Daugherty was informed by counsel of the companies were anxious to supply immediately in order to avoid delay, which, they said, would prove a serious handicap to them.

In their separate replies to the commission's complaint, each company denied the authority or jurisdiction of the commission "over the transaction alleged in the complaint."

The Bethlehem reply asserted that neither the Lackawanna Steel Company, nor any of its subsidiaries, was now engaged in competition with the Bethlehem company nor any of its subsidiaries. Answering in detail each allegation of the complaint, both companies reached the conclusion that the merger would not in any manner violate existing statutes.

Runaway Market On Prices Of Coal Stopped, Hoover Tells Senate Critics

WASHINGTON, D. C., June 9.—(By the Associated Press)—A statement from Secretary Hoover declaring, "The essential thing about coal prices is that the runaway market has been stopped," was the latest development today in connection with agitation in the senate over the strike situation and the plan adopted by the secretary for holding prices at a fair level during the tie-up of the industry.

Issued after the assertion by Senator Walsh, Democrat, Massachusetts, on the senate floor yesterday that the public patience was being exhausted by coal operators' taking advantage of agreements reached with Mr. Hoover to boost their prices to retailers, the secretary's statement declared that "some of the senators have been misinformed by misleading statements from a small group of retailers who object strenuously to any attempt to restrain prices."

The fact is, Mr. Hoover contended, that prices have receded from the level reached on March 15 and the public has been protected from a repetition of 1920 conditions.

Making public his reply to the National Retail Coal Merchants' Association, in which he took issue with representations that an advance of \$1.50 a ton for coal to the householders was warranted as a result of the recent negotiations with operators, Mr. Hoover declared that "such a change of view" after recent promises of co-operation did not represent the vast majority of retailers, who, he said, were making every effort to supply their customers without unusual profits.

Brilliance Of Washington

(Continued from Page 1)
and stake everything on the issue: finally the attack, and the victory.

"Brilliant as was the accomplishment, Washington on the Jersey side was faced presently by the superior strength of the new consolidated British forces. At last, his rival was sure of the old fox."

"Then came the strategic withdrawal by Washington, at night, in secret from his line on the Assumpink Creek, the flanking march to Princeton, and the second surprise and defeat of the enemy. In the narrative of those magnificent winter days of marching and fighting, surprises and victories, one finds the truest presentation of the indomitable spirit which sustained, and, at last, won the revolution."

It is not often that the precise importance and significance of a particular military detail can be so accurately appraised, as it can regarding the mid-winter campaign of Trenton-Princeton. The promulgation of the declaration of independence had moved the British authorities to especially determined efforts for quick suppression of the revolution. To them it was vitally important that the fires of revolt be smothered before the new feeling of nationality had risen to make the colonists realize the substantial invasion of New Jersey has been bitterly criticized many times, but it always must be remembered that there is an intimate relationship between political conditions and military operation and that in this case, the political situation was certain to depend very greatly on military developments. The destruction of Washington's army almost would have snuffed out the revolution.

It would have given a demonstration of overwhelming preponderance of the British power, which even the most stout hearted patriot would have found difficult to deny. On the other hand, Washington perceived both the military and political opportunity presented him in the disposition of the enemy's forces. There was a desperate chance to win a telling victory which would convert the New Jersey campaign into a disaster for the enemy and there also was the possibility of winning a political victory by demonstrating the chance of American leadership and American soldiers to outwit and outfight veterans of European battlefields.

that, as we read of it, now, it is difficult to realize all their significance. Among the rest, Lord Cornwallis made a speech in which he paid his compliments to the military genius of Washington. Comparing the Yorktown campaign, with the Trenton-Princeton operation, he declared, turning to General Washington and bowing profoundly, that "when history shall have made up its verdict, the fairest laurels will be gathered for our conqueror, not from the shores of the Chesapeake, but from the banks of the Delaware."

Cornwallis regarded the Trenton-Princeton campaign as the crowning glory of the Washington military career, and we do not need to be reminded of the verdict of Frederick the Great, who ranked the Princeton-Trenton campaign as the most brilliant of which he had knowledge.

"When we view the course of human affairs from the detached standpoint of history, we are amazed to discover how seldom a particular military operation has determined the result of a campaign or the outcome of a great war. Wars are very big in history; very much bigger some times than they deserve to be. Battles have seldom decided the fates of peoples. The real story of human progress is written elsewhere than on the world's battlefields."

But among the exceptions, among the cases in which a particular battle has seen consequences and reverberations far greater in their potency than could possibly be imagined from a consideration of the number engaged, or the immediate results, none stands out more distinctly than does the Trenton-Princeton campaign. We cannot say that the cause of independence and union would have been lost without it, but we must find ourselves at a loss if we attempt to picture the successful conclusion of the revolution, has there been another and different issue from the struggle of those hard, mid-winter days.

"The climax of that desperate adventure came on the battle field of Princeton. Trenton had been an almost complete surprise, an easy victory. Princeton was a desperately contested engagement whose immediate result included not only an enheartening of the patriotic cause, but a profound discouragement to those on the other side of the Atlantic, who were responsible for the continuation of the war."

"So you have erected here at Princeton a fitting memorial to the heroes and heroism of that day. We bring and lay at its feet the laurels which gratitude and patriotic sentiment always will dedicate to those who have borne the heat and burden of the conflict. Let us believe that their example, in all of the future may be, as thus far it has been, a glorious inspiration of our country."

Calumet is made under such exacting conditions — packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.

THREE SEPARATE RECOMMENDATIONS ON MUSCLE SHOALS MADE BY THE HOUSE COMMITTEE

WASHINGTON, D. C., June 9.—(By the Associated Press)—Three separate reports setting forth recommendations for action by congress with respect to private development of the government's \$100,000,000 power and nitrate projects at Muscle Shoals, Alabama, were made to the house today by members of the military committee. The task of making a final decision is admitted in each of the reports to be the duty of the full membership of the house at an early date, but recommendations to that end, submitted after four months of continuous consideration by the committee, differ in important respects as they are presented in the documents.

Acting Chairman McKenzie, of Illinois, who drafted the majority report, declared at the outset of that document that the Ford proposal was the only one found "worthy of serious consideration," and asks its acceptance by the house, provided, however, that the Gorgas steam plant is not included among the projects to be disposed of at Muscle Shoals.

Concurrence in the majority report, except for the references made with respect to the Gorgas plant, is voiced in one of the minority opinions presented by Representative Wright, Democrat, Georgia, and supported by Representative James, Republican, Michigan, and the remaining Democratic members. They ask full compliance by the house with all provisions of the Ford proposal including the Gorgas property and point out the belief that if congress eliminates the Gorgas unit it would defeat the Ford offer.

In the third report submitted by Representative Parker, Republican, New Jersey, and signed by Representative

Trying To Hit Homers Ruining Ken Williams As A Batter

ST. LOUIS, MO., June 9.—(By the Associated Press).—Since Kenneth Williams of the St. Louis Browns jumped to the front as a potential king of home runs hitting his batting average has dropped 100 points. He has fallen from first to fourth place among the hitters of the American league regulars and his mark of .283 is 64 points below his percentage of last season, when he crashed out sufficient hits to give him a season record of .347.

As a result of this slump, possibly the greatest ever experienced by a major league, this question now is asked around the American league circuit: "Is trying to hit home runs ruining Williams as a batter?" "Something is wrong, that is certain, but whether it's trying to hit home runs or whether it is just one of those unexplained slumps which sometimes hits the best of sluggers, is not known. Against the home run theory is the fact that virtually every heavy hitter in the American league has lost many points in his

batting average during the past few weeks, although none has approached Williams' tremendous drop. Improved pitching, brought on by the warmer weather, is said to have caused shrinkage in batting marks.

Scouts Hold Track Meet

The Boy Scouts held the closest athletic Scout meet ever held in Portsmouth and probably the closest that ever will be held in this city. Four prizes had been offered, a gold medal for the Scout scoring the greatest number of points, a silver medal for the second highest score, a bronze for the third highest and a pennant for the winning Troop and every one of those was in doubt when the last event was pulled off, and every one was decided by the last event—the mile run.

The race for the highest number of points scored came out a tie. Gilbert Fuller and John Massie each scoring 28 points, and both will receive a gold medal. Sprague of Troop 15 was third.

The scores being 35 and 34 respectively. Massie and Fuller started for their respective Troops, but Massie had more support from his brother Troop members.

Troop Three Opens
Troop 3 took first and second in the opening event, throwing the base ball. Massie of Troop 3, first; Hunter of Troop 3, and Gise of Troop 2, tied for second place.

Standing broad jump won by Clever, Sprague of Troop 15, second, 8 ft., 2 1/2 inches. Gise of Troop 2, third, 7 ft., 10 1/2 inches.

Fifty yard dash, Scouts under 5 ft., 2 inches. Won by Martin, Spencer second, Abrams third, all of Troop 15.

Fifty yard dash, Scouts under five ft., 6 inches. Won by Fuller, Nature Troop; Koerner, Rifle Troop, second; Allard, Troop 3, third.

Fifty yard dash, any height. Won by Fuller, Nature Troop; second, Sprague, Troop 15; third, Knost, Nature Troop.

Shot put, won by Massie, Troop 3, 41 ft., 7 inches. Second, Kaylor, Troop 3, 40 ft.; third Clever, Troop 1, 39 ft., 2 inches.

440 yard dash, won by Fuller Nature Troop; second, Massie, Troop 3, Sprague, Troop 15, and Knost, Nature Troop, tie for third.

High jump, won by Massie, Troop 3, four feet, 10 1/2 inches; second, Richardson, Troop 16, four feet, 6 inches; Fuller, Nature Troop and Zelazo, Rifle Troop, tie for third, 4 ft., 4 inches.

Half mile, won by Massie, Troop 3; second, Fuller, Nature Troop; third, Spencer, Troop 15.

To Decorate Big Flag Pole

Proceeding in the true patriotic manner the Women's Auxiliary of the Spanish War Veterans some weeks ago, donated a large flag to the public library, on condition that a flag pole should be erected.

The work of erecting that pole was completed yesterday. It is seventy-five feet high and from it, after appropriate exercises Monday afternoon, Old Glory will float proudly welcoming the Spanish War Veterans to the city for their encampment.

These exercises will consist of the speech of presentation by Mrs. Harry Malliot for the Auxiliary, and Attorney A. T. Holcomb will respond as the flag is being raised.

RURAL SCHOOLS CLOSE SUCCESSFUL TERMS

All rural schools in the county have been closed for the 1921-1922 term, each and everyone enjoying a most successful term. The average attendance according to County Superintendent E. O. McCowan has been better than ever, no serious epidemics of illness making it necessary to close schools the past term. State aid has helped the local rural schools wonderfully and only three townships fell short of funds. They were Union, Bloom and Rush and \$6,000 additional has been asked of the state for

these three districts. Scioto county has received more than \$75,000 in state aid this year.

Next year the county will have three new schools. Minford is to erect a first grade high school costing \$40,000 while Clay township will erect two new buildings. One will be a two room brick and frame structure costing \$8,700, while the other for Scioto Trail near Rosemount Road will be modern in every respect, the building to cost \$40,000.

President Harding Receives Honorary Degree From Princeton University

PRINCETON, N. J., June 9.—(By Associated Press)—Praise for Princeton's part in the world war and in all previous wars of the United States as well as for her achievements through her sons in the path of peace was voiced by President Harding today in an address in connection with his receiving an honorary degree from the university.

"I can think of no more appropriate message to be addressed to the Princeton community," the president declared, "than an expression of earnest hope that it may live up to its opportunities and obligations in the future as patriotically as it has done in the past."

Mr. Harding spoke in part as follows:

"The memories of war and of Princeton's glorious part in the achievement and maintenance of American liberties have ever been closely intertwined with the traditions of her splendid gifts to American scholarship, learning and intellectualism."

"For me, the real picture of Princeton of those revolutionary days is the one that conjures itself around the figure of old John Witherspoon, stout Scotch Presbyterian divine, scholar, teacher, author, preacher, president of Princeton, rebel by nature, patriot by choice, member of the continental congress, counselor to the fathers of state, signer of the declaration, and unrelenting fighter in the cause of independence. Under such leadership, small wonder that Princeton played a great and gallant part, producing young men who were equally resourceful and uncompromising in field or forum; or that the advanced place which they claimed for Princeton in patriotic service has been retained through all the generations since."

"Wise men have always been wont to illumine the uncertain paths of the future with the beacons of experience, shining from out the past. So it is good that men who have been called to the responsibilities of large affairs, should come now and then to these academic precincts to refresh their spirits, to take on for a little time the hues of your atmosphere, the cast of your thought, the lightning quality of your mind and the

value deliberation of your judgments. In the rich and fruitful intellectual soil of our universities, we may trace the germination of ideas, systems, institutions which have been greatly responsible for the advancement of human kind and to our universities we must turn in hope and trust, that they will give to the future men of the discipline, the unselfishness, the straight vision and clear understanding, in coping with the complex problems which that future surely holds for them."

BRITISH TROOPS AND IRREGULARS EXCHANGE SHOTS

BELFAST, June 9.—(By the Associated Press)—The exchange of shots during last night's fighting between the British troops, which yesterday occupied Belleek, and the Irish irregular forces, across the frontier, says an Enniskillen dispatch today. This affected only the outskirts, however, and within Belleek itself a period of complete calm appeared to be setting in.

Soldier Bonus On Senate Calendar

WASHINGTON, D. C., June 9.—(By the Associated Press)—The soldier's bonus bill was on the senate calendar today, but without any definite time fixed for its consideration. Chairman McCumber, of the finance committee, reported the measure last night by unanimous consent after a first effort to present it under a consent agreement had failed.

Senator McCumber desires to have the senate consider the bill in the near future, but some leaders on the Republican side oppose his plans, believing it unwise to displace the tariff bill for a measure which is certain to lead to a long and perhaps bitter fight.

That there are sufficient votes in the senate to pass a bonus bill is conceded by opponents, but whether the measure can be put through in its present form is problematical. The Democrats plan to offer an amendment embodying a cash feature, while Senator Bursum, Republican, New Mexico, now has a bill providing for a cash bonus. Many other amendments also will be offered and, in addition, opponents of bonus legislation in any form are prepared to wage a determined fight.

Supporters of the amended house bill apparently are giving little consideration now as to how President Harding views the measure as it came from the finance committee.

The legislation has been outlined to him in detail, but so far as has been made known he has not given an opinion to the finance committee.

PUBLISHER DIES IN ENGLAND

NEW YORK, June 9.—(By the Associated Press)—The Dow-Jones News Ticker Service today circulated a cable dispatch from London announcing the death early this morning of Guy Barham, publisher of the Los Angeles Herald.

Mr. Barham, who went to London with William Randolph Hearst's party, died after a throat operation performed several days ago, the dispatch said.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Please publish in your column the best route from Portsmouth to Hillsboro, O., by auto.
J. F. T.

I don't think you can beat the route via Chillicothe and Bainbridge.

Miss Dolly Wise—Just what do you think of a man that will go for two and three days without speaking to his wife, unless he has to speak? And it seems to make him mad when I have company. I never go anywhere. I have lived in Portsmouth for three years and he has never been to a picture show or church with me. We have two beautiful children, and I stay home and take care of my babies, do washing, ironing, all the housework, and try to help him, then he will do this way. I have watched him when he would be with his friends and he always is talking to them, so why can't he talk to his wife? I keep his home clean myself and the babies spotless, do everything I know how to do, so if you can explain to me it will be more than I can do, and your advice will be greatly appreciated. For I am only 23 and I don't feel that I could live another 8 years this way.
S. B. M.

I can't explain why he doesn't talk to you. Men as a rule are not as talkative as women, and if he is of a quiet disposition, it is useless to try to "pick" talk out of him. However I must not let that worry me. Just go on and talk and get what you have to say out of your system and you will feel better. I would rather he would keep quiet than quarrel all the time. Take your children and go to church and everywhere else there is to go, and life won't seem so monotonous to you. When your husband sees what he is missing maybe he will decide to open his mouth and say something.

Dear Dolly—Why do people invite these handsome boys from Ironton, Ashland and Huntington to come to Portsmouth to dance? They come down here and just break the hearts of the Portsmouth girls and then go away and never say hello about it. They have hearts like steel, or stone or ice or whatnot. I know several girls that are pining away just because they have been fitted by some of these male flappers. They are too cruel for words. Dolly, what can be done about it? I feel sorry for our girls.

PORTSMOUTH BOY.
Don't be too hard on the upriver boys. Life is so dull up there that you can't blame them for coming down to a real live city once in awhile. Instead of feeling sorry for the girls, why don't you take a few lessons from the Bridgeville flappers, and find out how they do it?

The annual banquet and reunion of the St. Mary's High School Alumni Association was held in the Kiwanis Club rooms at the "Mary Louise" last night. This was one of the most successful reunions ever held by the Alumni, more than fifty members being present. The nine graduates composing the class of 1922 were the honored guests at the banquet.

The short business session was held at 7:30 o'clock and the following officers chosen for the ensuing year: President, Earl Reinhardt; vice president, Madlyn Glockner; secretary, Clifford Bickel and treasurer, Charles Snyder.

Following the business meeting an elaborate four course dinner was served by R. E. Lewis and his assistants. Rev. Father T. A. Goebel, the 1922 graduates, and the officers were seated at the table of honor, while the classes were grouped according to the year in which they graduated at four other tables. Yellow flowers in baskets and bowls were used in adorning the tables, brown and gold being the

The Misses Dorothy and Teresa Mead of Pataskala, Ohio, graduates of Ohio Wesleyan University, known to many Portsmouth Wesleyan young people, are to be brides of next Wednesday. Dorothy will marry Mr. Snyder Mayer, of Cleveland, and Teresa, Mr. Ross Alexander of Delaware, both men being graduates of Wesleyan also. The young folks are all prominent in Methodist young people's work. Miss Mead and Mr. Mayer having received their Master's Degrees in religious education a year ago in preparation for the foreign field. Teresa has been associated with Miss Irma Jenkins of this city for the last two years as an instructor in the Home Missionary School at Misenheimer, North Carolina, and has spent her summers instructing at the Lancaster, Ohio, camp grounds.

The wedding will be a double one in the Methodist church of Pataskala. There will be twenty-six in the bridal party, most of them college associates. A reception on the lawn of the handsome Mead home will follow the ceremony.

Among invited guests are Mr. and Mrs. David E. Gardner, Jr., this city. Mrs. Gardner lived in the Mead home during the three years she was instructor of Home Economics in the High School at Pataskala.

Mr. and Mrs. Jonathan S. Dodge and son Charles of San Francisco, California, arrived at the Washington Hotel this afternoon from Annapolis, Md., where they attended the Commencement exercises. Tomorrow afternoon Mrs. Dodge will be the guest of honor at a reception at the home of Mrs. Alan N. Jordan, 817 Court street, with her sisters, Mrs. Charles L. Frederick and Miss Lollie Anderson as assistant hostesses. Mr. and Mrs. Dodge are former residents of this city and their friends are happily anticipating the affair.

Raymond Jones, who recently returned from the Ohio State University for the summer vacation, has accepted a position with the Glove Factory on Second street.

Mr. and Mrs. J. O. Silver are visiting relatives at Salt Rock, Ky., this week.

Miss Elizabeth Knost of 1754 Fifth street left Wednesday for Cincinnati, where she will visit her brother, Richard Knost, of the Cincinnati Conservatory of Music.

Mrs. S. A. Thompson of Lynn, O., is the guest of her son and daughter-in-law, Mr. and Mrs. I. B. Thompson, of Grant street.

Judge Blair's Bible Class of the Second Presbyterian church will hold their regular meeting Monday evening, June 12th, in the Primary room of the church. This will be the last meeting until September, and all members are urged to be present. The hostesses for the evening are Mrs. Grace Densmore, chairman, Mrs. W. E. Gault, Mrs. George Thirkettle, Mrs. Walter Doerr, Mrs. George Watkins, Mrs. Edgar Burkhardt, Mrs. Carl Burkhardt, Mrs. C. C. Mahaffey, Mrs. David Jones and Miss Ella Barber.

All the children of the United Brethren church who are to take part in the Children's Day program Sunday are requested to meet at the church promptly at two o'clock tomorrow afternoon for practice.

The class of Loyd Women of the Grandview Avenue Church of Christ enjoyed an interesting meeting at the home of Mrs. R. C. Dumanant of Linden Avenue. There were forty members present. After the business session an enjoyable musical program was rendered, by Misses Irene Thompson, Ruth Jones and Clyde Swearingen. Miss Ada Mae Thompson of Omar, W. Va., also rendered two beautiful solo numbers. Mrs. Dumanant was assisted in serving ice cream and cake by Mrs. Hattie Munion and Mrs. James Hudlin.

Mr. and Mrs. Al H. Richardson, who recently returned from Florida, where they spent the winter, have taken up their residence in their cottage on Seloto Trail. Their phone number is 3630-X.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

He helped the Twins tie their star safely to his chimney

NANCY and Nick had run off with the star Comet-Legs always rode. Comet-Legs was a mischievous fairy

who wished to be the Mau-in-the-Moon.

He had tied his star to a corner of the moon as tight as wax, but the Twins came along in their magic Green Shoes and cut the rope and

New officers for the coming year were elected at the meeting of the Ladies' Aid Society of the Kendall Avenue Baptist church held yesterday afternoon at the home of Mrs. Chester Phillips on Grandview avenue. Mrs. Thomas Lewis and Mrs. Harry Lewis were the assistant hostesses. There was a large attendance present and the following officers were elected:

President—Miss Ruth Lewis.
Vice-President—Mrs. Clara Berkley.

Secretary—Mrs. Mame Phillips.
Treasurer—Mrs. Sadie Wilcox.

During the social hour which followed the business meeting, Miss Carrie Sowers, bride-elect of Mr. Fred Locke, of Topeka, Kansas, was honored with a pretty handkerchief shower. Later delicious refreshments of ice cream and cake were served.

The next meeting will be held at the home of Mrs. Charles Russell on Eighteenth street with Mrs. John Sowers and Mrs. Charles Seelye as assistant hostesses.

Students Sigh, "Oh, Dear! Vacation Time Is Here"

This was the last day of school and rollicking students with books dangling from the ends of well worn straps were wreathed in smiles as they happily wended their way home. Vacation time had arrived for them and for three months they will not think of the school room. Many of them will take jobs during the summer months rather than roam the streets in idleness.

rode off with it. So Comet-Legs couldn't escape from the moon.

The Twins rode the star to Blister-Gust Land, where Mr. Sprinkle-Blow, the Weatherman, lived. Mr. Sprinkle-Blow was a friend of Mr. Peeraabout, the Man-in-the-Moon, and disliked Comet-Legs.

Comet-Legs bothered him as much as he bothered the Moon-Man.

"Hello, there!" called out Mr. Sprinkle-Blow when he saw Nancy and Nick. "What've you got there?"

"Comet-Legs' star," replied Nancy. "We want you to keep it for us. We're going back and try to catch Comet-Legs."

"I'll just go long," said Mr. Sprinkle-Blow.

So he helped the Twins tie their star safely to the chimney and then, jumping on his magic umbrella which he rode, he motioned the Twins to get on behind and away they whizzed.

They landed on the moon and went to Mr. Peeraabout's house. But he wasn't there! And he wasn't in his engine house! And he wasn't anywhere.

They called and called and called. But no answer. Mr. Peeraabout had disappeared.

HAS BLAZED TRAIL OF EDUCATION FOR 50 YEARS

Every day during the cold weeks of January and February, the rainy weeks of March and April and the warm springtime of May and early June, in 1873, a young woman walked three miles from her home in the city to teach at her first school. It is known to the older residents of this city as the Red Schoolhouse, and was located near the present site of New Boston.

A physician who was a member of the school board had occasion to make many trips in the vicinity of the school during his daily rounds, and he saw her many times as she went to and from her classrooms. He said nothing until the opening of the fall term, and then, at a meeting of the board, he recommended that a young woman, who walked so far to her school every morning, rain or shine, and who was always there on time, be allowed to teach in the city. The board thought so too, and that young woman, Miss Emily Ball, who has taught continuously in the city schools since that time, who is probably better known than any other teacher here, and who, through her kindly friendliness for all with whom she came in contact, has won a place in the hearts of hundreds, began her career in the Portsmouth schools.

The close of the present school year on Friday marks the end of her fifty-fifth year as a teacher and the event brings many memories of pleasant classroom hours to those who have studied under her guidance.

Miss Ball is better known through her work in the Portsmouth high school although she spent the first thirteen years after her graduation teaching in the grades. She substituted in the city in 1872 after graduating, and in the spring of 1873 she taught at the Red Schoolhouse. When she came to this city to teach she had the Second Reader, as it was called then, in the Fourth street building. From there she went to the old Second street school, and next to Union street where she remained for seven years, two of which she was principal. In 1885 she began teaching in the high school, and her story of the school in those times is interesting to those who know the modern school of today.

She did not want to teach in the high school but let her tell the story. "I had commenced teaching with the children of the lower grades and since my first year had taught all the grades up to the eighth. At the close of the term I left the city for my summer vacation, and it was during this time that I received a letter from the School Board asking me to fill a vacancy in the high school. At first I declined, desiring to continue in the grades, but upon receiving other letters I finally consented. No, I've never regretted that I did it. I have enjoyed the years I have spent with the high school students. When I first began to teach at the high school the building was on Gallia street, near Findlay. There were five rooms in the building, but only three were occupied by high school classes, while the total enrollment of the school was 108. There were no large study rooms as we have today, but the pupils who were not reciting sat in the back of the room while the classes who were having their lesson were in the front. There was no lunch room and we had two ses-

MISS EMILY BALL

Miss Ball, this year completes her fifty-fifth year as teacher in the schools of this city. There are many people in Portsmouth, old and young, who recall the hours they spent in her classroom, hours that then may have seemed hard, with X's and Y's of algebra or geometric figures, but which as they return on memory's wings are tinged with the realization of what happy hours they were in reality.

Miss Ball has four rules which she has given all of her classes, that the pupils may, following them, master their studies, and stand high in their school work.

Those who have gone to school to Miss Ball, could probably name the four without reading further. Here they are:

1. Be punctual.
2. Be exact in your work.
3. Stick to it—whatever you're doing.
4. Dig for yourself. No one else can get your lessons for you.

Many times has she given this sound advice which applies not only to the problems of the classrooms, but to those of everyday life. "If you have a problem to solve and have two minutes in which to solve it—think for one minute, then go to work during the other minute."

Portsmouth high school bids farewell to Miss Ball this week, sending with its goodbye's good wishes for the future years, and all over the city, wherever men and women, her former pupils, are, will those good wishes be echoed today.

sions as the elementary schools do now. There were only three teachers at the school then, Prof. Edwin B. Sparks, Prof. Walter M. Miller and myself. I have not always taught mathematics. I have also had classes in English, Astronomy and Trigonometry. Later we moved to the Davis building which was located on the site of the present school, and while the new school was under construction the high school students studied and recited in the old Second street building.

For seven years, three at one time and four at another, Miss Ball was principal of the high school, but each time poor health forced her to give up the heavy duties, rather than cease teaching altogether. Many of the boys who have found it rather hard to keep their place on the foot-

ball, basketball or truck squad and live up to Miss Ball's study standards may think that she is not interested in the fate of the red and blue in athletics. But she is and she talks of football and basketball, mostly of the teams from 1902 to 1908 when P. H. S. was sending out men to take their place on the big college eleven, men who won a place on the mythical All American eleven, on the custom and institutions of the Portsmouth high school of today. It was the class of 1892 that first gave a banquet for the Seniors, with only a few present, while the Junior-Senior reception of a few nights ago was a pretentious banquet and dance with 210 present. The class of 1902 was the first to get out a real book size annual, although several other classes

had issued pamphlets. This annual was called the "Sibyl" and retained the name for several years. In 1906 it was dedicated to Miss Ball. Volume 1, Number 1, of "The Echo," the first high school paper, was printed in December, 1907.

Some Interesting Facts
Miss Ball was valedictorian of her class, which in 1873 was the first to graduate from the old building on Gallia, near Findlay street. During her fifty years as a teacher, Miss Ball was never tardy. Teachers are

required to be at the building twenty minutes before the first bell rings.

She has been a member of the National Teachers' Association for fifteen years and a member of the Ohio Teachers' Association practically all of the time she has been teaching. Three of the present high school teachers were in Miss Ball's classes, they are, Miss Margaret Hicker, Miss Margaret Ball, and Mrs. W. H. Schwartz, who is substituting there at the present time.

A large percentage of the grade teachers studied in Miss Ball's classroom, and there are hundreds of instances where several members of one family were her pupils, and many more where the mother and father were in her classes at one time, while their children were during the past few years.

She was the first local teacher to receive a state life certificate to teach.

Miss Ball has attended 54 commencements, never missing one since her entrance in high school.

She has enjoyed her summer vacations by travelling, making many

Forgetting All Cares, Exchange Club Members Enjoy A Delightful Outing

"Unity for Service," is the motto of the Exchange Club of Portsmouth, but there was a new twist to the motto last evening when the members gathered at the Laidlaw place, on Turkey Creek and enjoyed an ideal outing, climaxed by a chicken dinner at 6:30 o'clock. The club motto at that time was unity and service with chicken as the principal service, and as one member said, "unanimous unity" so far as each one present getting his share was concerned.

The trip to the scene of the outing was made in a half dozen machines the committee assigning each member to a certain machine. Baseball and horseshoe pitching were enjoyed by part of the Exchangeites, while a half dozen made Annette Kellersmans enjoyed a swim in Turkey Creek. In the ball game, Anderson's Amblers claimed a victory by the score of 11 to 8, over Griffin's Galllopers, while the Galllopers claimed someone got the score reversed.

Following the dinner the club members gathered on the big porch at the Laidlaw home and enjoyed an hour's song fest.

The committee in charge of the outing, who received a vote of thanks from the club for the efficient manner in which they looked after the details, was composed of Rea Selby, Eric Ferguson and C. M. Anderson. Club members present at the meeting were: Russell W. Anderson, Carl E. Bauer, George W. Brown, Thos. E. Brushart, Dr. Frank A. Coburn, C. M. Donaldson, Wallace Drew, Eric Ferguson, J. E. Gardner, N. B. Griffin, John J. Harper, W. H. Harbo, W. B. Hitchcock, Heron M. Johnson, Russell K. McCurdy, D. D. Mitchell, Orin B. Oakes, Dr. Harry Rapp, W. H. Hughes, Henry G. Ruel, Charles Thompson, H. Rea Selby, George M. Taylor, Earl C. Watkins, Leslie White Forest, Williams and James D. Williams.

Will Plat Brant Farm

An agreement was filed for record in the office of County Recorder Bauer yesterday between the South West Land Company, of Abington, Va., E. C. Akens, president, and Joseph H. Brant and Sarah C. Brant, his wife, in which the former contracts to take over the fine farm of the latter, situate at Clifford, north of Lucasville, at an agreed price of \$33,000. There are 550 acres in the boundary and the contract includes the same with the exception of the summer home with two or three acres attached thereto.

It is supposed by the purchasing company to cut up the acreage into small farms and place them on the market at a sale to be announced later through the newspapers.

Governor Davis, Declining To Run For Second Term, Makes No Endorsement Of Other Candidates

COLUMBUS, O., June 9.—(By the Associated Press)—Considerable political dope was upset last night when Gov. Harry L. Davis issued a formal statement declaring emphatically that he would not be a candidate for re-nomination at the August Republican primary, despite "an insistent demand that I declare for a second term as governor and withdraw my previous contrary conclusion."

The governor's statement was issued just 24 hours before the final time in which candidates for nomination for state offices at the August primaries are required to file.

In it, he declared that the governor of Ohio should be elected for a term longer than two years, and should be limited to one term, and reiterated that as chief executive, he could not conscientiously give six months of the people's time in campaigning for re-election.

Despite his statement of March 19, in which he declared he would leave public office at the expiration of his present term, many of the governor's close friends and political advisers had hoped he again would be a candidate, and he had been importuned from all sections of the state to again throw his hat in the ring.

Makes No Endorsement
Governor Davis, in his statement, did not endorse any of the active or potential Republican candidates. His statement declared, "As respects the coming election, I have unbounded faith in the Republican party and the principles upon which it stands, and I have equal confidence that the choice of the voters of the state at the forthcoming primaries and election, from among the various candidates to succeed me, will be a careful and wise choice."

In his statement, the governor again outlined the achievements of the present administration, stressing the importance of the reorganization of the state departments. He declared that for the first time in the history of Ohio, the next legislature will not be faced with a deficiency appropriation bill and gave credit for this condition to the business administration under the reorganization code. For that reason, he said, he has no fear that the reorganization will not remain a fundamental part of the state government.

Governor Davis also declared that the present administration will have built approximately 2,000 miles of highway, or four times as much as any previous administration.

"The 65th General Assembly will have no deficiency bill to pass for the good and sufficient reason that there is no deficiency for 1921 and 1922—a fact for which the state reorganization deserves the credit."

"These former deficiency bills which in the course of years had come to be considered as an unavoidable necessity, covered deficits incurred in operating expenses by previous administrations. In 1921 the legislature thus had to appropriate \$2,300,000 to cover such a deficit during the preceding two years. For a period of years past these deficits had averaged annually around a million dollars."

"The state library was taken out of politics. It was reorganized to carry a real library service, particularly into the rural sections."

"Steps were taken to save the people seven million dollars in connection with the construction of the London prison farm."

"I do not intend at this time to give a complete review of our work."

"The work referred to does stand, however, specifically, for pledges performed."

"As respects the coming election, I have unbounded faith in the Republican party and the principles upon which it stands and I have equal confidence in the choice of the voters of the state at the forthcoming primaries and election, from among the various candidates to succeed me, will be a careful and wise choice."

A Notable Program
In summing up the work of his administration, Gov. Davis said: "Three-fourths of our term has now elapsed and a large part of the results which we promised and strove for, already are definitely and actually realized."

"In the reorganization state government, now in effect for nearly a year, we have been able to provide an up-to-date time and money saving machinery, in keeping with the needs of what this government is—the biggest business enterprise within its borders. During that first year, a definite reduction of three million five hundred dollars in expenses is indicated in the department's covered by the reorganization. At the same time, a larger volume of public work is being done, and in every phase of administrative activity, the new system because of its more effective plan of supervision, has permitted rendition of a decidedly higher order of service."

"One of the notable salutary effects of the reorganization will become evident when the next general assembly meets. At that time, new history will be made in Ohio. A new honored record will be broken. For the first time in all the annals of Buckeye State legislators a bill heretofore regularly introduced and as regularly enacted into law, whenever a new general assembly met, will be conspicuously missing."

"The reason this administration for the first time has been able to avoid a deficit is that through the reorganization law it has been made possible to keep every state function strictly within its allotted appropriation."

We had pledged strict law enforcement and Ohio's prohibition work has drawn the highest commendation from prohibition authorities and organizations.

Some Other Achievements
The Blue Sky law activities have been made a genuine protection to the citizens from financial pirates.

"By the end of our administration we will have built in excess of 2,000 miles of new highways—nearly four times as much as in any two year period. It is forty percent of Ohio's entire improved state road mileage and vastly exceeds any road building record made by any state in any two years, successive or otherwise."

"The workmen's compensation system was made to yield more promptly its benefits to the employees. Costly delays to the employer were corrected. Occupational diseases were brought within the compensation law operation. Likewise, a new rate plan that will strengthen the entire system and inevitably result in higher degree of protection of the workmen from accident, was adopted."

"A practical start was made for Ohio's reforestation and game preservation, as vitally necessary as it has been long and utterly neglected."

"A stop was put to the former tendency to apply the pardon and parole system to dangerous criminals."

"The state library was taken out of politics. It was reorganized to carry a real library service, particularly into the rural sections."

"Steps were taken to save the people seven million dollars in connection with the construction of the London prison farm."

Protest Against Firing On Hospital In Belfast; Seek Troop Guard

LONDON, June 9.—(By the Associated Press)—The incident in Belfast Monday night when the Mater Hospital was fired upon, continues to agitate the Ulster capital, according to press dispatches. The hospital authorities telegraphed the International Red Cross headquarters in Geneva, Switzerland, protesting against the occurrence, demanding the immediate protection of British troops and also asking the Red Cross to "come to the help of our sick and wounded."

The Geneva office replied that it was ready to take all necessary steps, and asked to whom the Red Cross communication should be addressed to which the hospital authorities replied the British governor.

It was not suggested that anything within the hospital had been struck during the fusillade, the word "wounded" used in the message to Geneva referring to sufferers from previous street fights being cared for in the hospital.

The Times declares everybody concerned lost their heads and that the whole affair is symptomatic of the lamentable chaos existing in Belfast. It does not believe the hospital was deliberately attacked, although it was struck while a police detachment stationed nearby was replying to the firing.

(A dispatch to the Evening Star of London on Wednesday said a military guard had been stationed at the Mater Hospital following a protest to King George by the Mother Superior.)

The harp is believed to have originated from the hunting bow, the tightly stretched string of which will give forth a musical sound.

FREE TO MOTHERS

We are going to give a Trial Box of Sykes Comfort Powder Free to a limited number of mothers of infants and children in this town. We are doing this in order that they may have a chance to test it, see the amazing results from its use, and prove for themselves the vast difference between this wonderful Skin Healing Toilet Powder and ordinary talcum powders.

Sykes Comfort powder has been used and recommended by physicians, trained nurses and mothers of New England and New York States for more than 30 years for use after baby's bath in the nursery and sick room.

The reason it is so far superior to ordinary talcum powders is because it contains healing, soothing, antiseptic and disinfecting ingredients not contained in any other powder.

WE GUARANTEE Sykes Comfort Powder will heal and prevent Chafing, Scalding, Rash, Inflammation, Irritation, Skin Eruptions and Soreness of infants, children and adults.

Mothers! For your Child's Sake send a post card for this free box at once to The Comfort Powder Company, 142 Berkeley Street, Boston, Mass.

FREE TO MOTHERS

We are going to give a Trial Box of Sykes Comfort Powder Free to a limited number of mothers of infants and children in this town. We are doing this in order that they may have a chance to test it, see the amazing results from its use, and prove for themselves the vast difference between this wonderful Skin Healing Toilet Powder and ordinary talcum powders.

Sykes Comfort powder has been used and recommended by physicians, trained nurses and mothers of New England and New York States for more than 30 years for use after baby's bath in the nursery and sick room.

The reason it is so far superior to ordinary talcum powders is because it contains healing, soothing, antiseptic and disinfecting ingredients not contained in any other powder.

WE GUARANTEE Sykes Comfort Powder will heal and prevent Chafing, Scalding, Rash, Inflammation, Irritation, Skin Eruptions and Soreness of infants, children and adults.

Mothers! For your Child's Sake send a post card for this free box at once to The Comfort Powder Company, 142 Berkeley Street, Boston, Mass.

HORSESHOE LEAGUE

STANDINGS	W-L	Pct
Trinity	64-20	.762
Excelsior	62-22	.738
Spring Street	58-26	.688
Lincoln	50-34	.595
Cambridge	38-46	.452
Trinity Second	32-52	.381
Rock Park	17-67	.202
Excelsior Fire Engine Co.	1-82	.012

Four records were broken on the horseshoe grounds last evening in as good a set of matches as one could wish to see.

The leaders in the tournament met last night to show how evenly they were matched. They broke even, each getting six games and they were evenly well worth of such leaders, being the best staged on the court this season. The Campbell's decidedly had the edge on the Trinity's in the point making, making 206 points to Trinity's 183. In rings, throwing they were neck and neck, Trinity throwing 100 rings and Campbell Avenue 108, establishing a new record of 217 for the number of rings thrown in one series of 12 games. Nor was that the only record broken. In one game between Kline and Sam Ashworth of the Campbell's and J. Massie and J. Ashworth of the Trinity, 34 rings were thrown. Sam Ashworth made 10, J. Ashworth 8, J. Massie 9 and Kline 7, the game ended 21-18 in favor of the Trinity team.

While the leaders were cheerfully cutting each other's throats, the Hilltop A. C. were winning 11 of their games with Spring Street, putting themselves tie for second place with the Campbell Avenue and establishing a new record for victories of 49 games won in four evenings.

Meantime, the Hilltop Eagles were getting all 12 from the Lincoln Fire Engine Company, tying the race in a hard knot with only six games separating the leading four teams and only two more nights to pitch. Some more.

The fourth record to be broken was that of point-making in an evening. Hughes breaking Craig's record of 62 by going him one better and making 68. Stout was next highest point maker with 53, Dodge third with 72 and Dops fourth with 71.

N. Kitchen of the Eagles was back in his old form and threw 44 rings. Hughes was second with 35 and Sam Ashworth, Dops and Craig got 34 each.

Meantime, the prettiest kind of a race is going on for the leadership of the second division. The Spring Street has it now, but is being closely pressed by the Excelsior and Trinity Second that the Spring Street hold on the leadership of the division is likely to be lost at any time.

The Hilltop A. C. romped over the Spring Street boys, winning 11 games. Hughes was in such tip top form that he and Brady won all six of theirs from Ogden and E. Mitchell, 21-7, 21-13, 21-1, and from Davis and W. Mitchell 21-13, 21-6, 21-10. Deupsey and L. Rheinhardt won all three from A. and W. Mitchell 21-10, 21-14, 21-15, but lost one to Ogden and E. Mitchell 20-21, 21-18, 21-8. High man, Hughes 38 points and 35 rings.

The battle royal between the Trinity First and Campbell Avenue team broke even. Dops and Sparks won five of their games, three from Prediger and Crawford, 21-10, 21-7, 21-4, and two from J. Massie and J. Ashworth 21-0, 21-8, and 17-21. But J. Massie and J. Ashworth took all three

from Kline and Sam Ashworth 21-18, 21-10 and 21-10, and Prediger and Crawford took two from the same team, 10-21, 21-10 and 21-13, so the series was even. High man, Dops, 71 points and 34 rings; Sam Ashworth 46 points and 34 rings; J. Ashworth 53 points and 27 rings; Prediger 40 points and 28 rings.

The Hilltop Eagles had a gay time pitching themselves, Norman Kitchen being decidedly the high man with 68 points and 44 rings, which will boost his finger percentage some.

The 1600 Men were roughly handled by the Excelsiors, who showed no sympathy and grabbed half the games. Excelsiors, McCannell and Rheinhardt won three straight from Cook and Revare 21-12, 21-9 and 21-6 but lost exactly the same number to Dell and Higgins, 0-21, 9-21, and 16-21. Riggs and Crabtree won the odd from Cook and Revare 21-6, 16-21 and 21-9, but lost the odd to Dell and Higgins 16-21, 21-16 and 24 rings. Rheinhardt, 60 points and 24 rings. Higgins 52 points and 25 rings.

It was a nifty and hard fought battle between the York Parkers and the Trinity Second, the latter getting the long end of the score 7-5. Dodge and Chick won five of their games, two from McClure and Stout 21-20, 22-21, 21-12, and three from Berley and F. Kitchen 21-4, 21-10, 21-12. But D. Massie and D. Ashworth lost four of theirs, three to McClure and Stout, 19-21, 15-21 and 12-21, and one to Berley and F. Kitchen, 21-19, 16-21 and 21-9. High man, Stout, 83 points and 27 rings and Dodge, 72 points and 26 rings.

There will be a meeting of the Executive Committee immediately after the pitching on Monday evening to discuss plans for the next series. The Executive Committee is composed of President Edward Brady, Vice President Booker, Treasurer McClure, Secretary Gillman, C. M. Howland, Joe Doll, John Massie, J. J. Sparks and Wes Crabtree.

There are smiles that make us happy. There are smiles that make us glad—Blue Devil.

MAY BIG MONTH IN COAL PRODUCTION

Charles B. Wildman and Marvin Giles, of Logan, W. Va., were in the city yesterday guests of Mr. and Mrs. J. D. Littlejohn, of 1018 Twentieth street.

Mr. Wildman is connected with the large power plant that furnishes the energy to a large number of mines in the Logan field. He stated that May was the banner month of coal production in that field, that the total kilowatts furnished by the plant was far in excess of any one month previously. He said the mines in that section are running on full time and there was a prosperous era for all.

Mr. Giles is connected with a large mercantile company at Logan, which is enlarging its facilities by erecting a new building.

The gentlemen were taking a vacation by driving to Iowa, the home state of Mr. Wildman where they will enjoy a two weeks stay.

White Resign

JACKSON, O., June 8.—Theodore E. White has resigned his position as Assistant Superintendent of the Western & Southern Insurance Company in this city, a position which he has held since June 22, 1914, a period of eight years.

He will leave next Thursday on a vacation tour as far as Norfolk, Virginia, and will be accompanied by his brother, Mr. W. J. White, of Washington County, Iowa, who came to Ohio, May 28, and visited relatives in Portsmouth before joining his brother here.

Have White Radiant Teeth That Will Compel Unstinted Admiration

10 DAY TRIAL TUBE FREE

Don't neglect your gums whatever else you do or you'll be sorry later on. Keep them strong, sturdy and full of life. Bear in mind that a healthy plant will grow in foul soil; neither will unhealthy gums produce good teeth. Your dentist is one of your best friends—don't forget that—see him often—many thousands of men and women are enjoying health today because of the dentist's knowledge and skill.

You can have white teeth so radiant, clean and fascinating and free from film or coating that they will compel unstinted admiration. You can

have fine, healthy gums with no taint of disease if you will only visit your dentist occasionally and use Senreco toothpaste night and morning. Senreco is a dentist's formula combining the cleansing agents as recommended by United States Army Dental Surgeons. It is a combination so perfect that, besides being the finest cleanser of teeth and the most enjoyable of dentifrices, is an active enemy of the vicious germs of pyorrhea—that all too common and abhorrent disease that attacks the gums and causes them to bleed, recede and grow soft, tender and spongy.

Get a tube of Senreco today—the good results will astonish you—in just a few days your teeth will radiate purity. Stick to Senreco and your teeth will stick to you. Trial tube containing 10 days' treatment sent free from film or coating that they will compel unstinted admiration. You can

MINING MUST CONTINUE AT ALL COSTS

—CONGRESSMAN FESS

Continued refusal by coal operators to confer with their employees over the points at issue in the coal strike can lead only to government ownership, or, at least, government operation of the coal mines of the nation, according to a statement of Congressman Simeon D. Fess, candidate for the U. S. senatorial nomination in the Republican primaries made last night.

"Coal is essential to national life," said Dr. Fess. "Coal mining is a public utility. Mining must

continue at all costs. If the operators refuse to adjust their differences with the miners and the result is the stopping of coal production, public welfare and demand will require either public ownership of the mining properties or government supervision of mine operation.

"This I would profoundly regret, as I think such a thing would be fatal to business and the true ideal of Americanism."

LORAIN—The U. S. Shipping Board has approved the sale of 232 houses auctioned May 23, according to a telegram received by Thomas E. Kirk, local agent for the board.

FRIVOLOUS AFFAIR

An antique writing desk, rejuvenated for a modern miss, is a frivolous looking affair that shuts up like a box. It is so low that one sits before it on a cushion. Needless to say, this is not the desk for a busy woman.

Verdict For Plaintiff

It required Judge McCall's Municipal court jury almost an hour Thursday afternoon to bring in a verdict in favor of the plaintiff in the suit of Attorney Arthur H. Bannion against Charles Chucules.

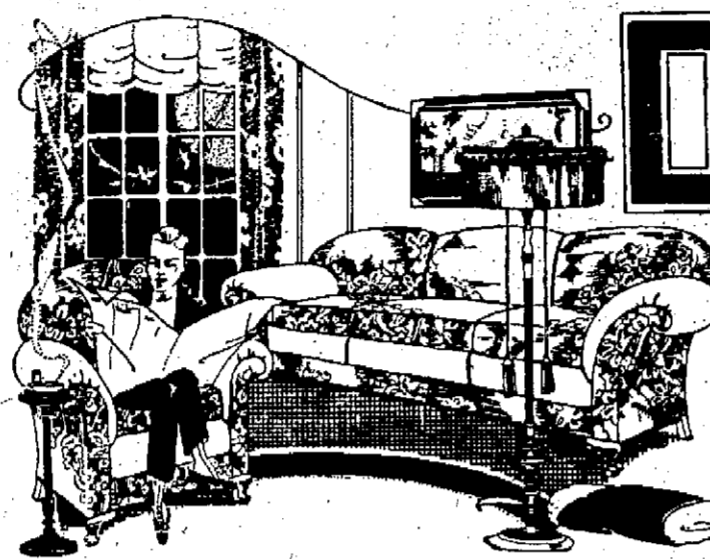

Bannion sued to recover \$400 which he claimed for legal services in connection with the sale of Chucules' interest in the Manhattan restaurant in April 1921 and the jury awarded him just half that sum \$200.

Attorney J. F. Johnley represented the plaintiff and Attorney George S. Hawke, Cincinnati, appeared for Chucules.

The trial marked the first jury case heard in Municipal court since it was inaugurated more than two years ago.

The Big Auction Sale of the Joseph H. Brant Farm

Three miles north of Lucasville in the Scioto Valley that has already been advertised in this paper to be sold at auction June 22, is now subdivided into about thirty-five small farms, stummer homes, fishing camps, and tracts of all sizes up to thirty-five or forty acres. Possibly some as small as five acres. This is a very large and important farm with about ten dwelling houses, each of which includes a tract of land from five to thirty acres, or as much more as may be desired by the purchaser.

THIS GREAT FARM SALE will soon be ready for inspection as the subdivision will soon be completed and blue prints made of the grounds and a man on the grounds to show the prospective purchaser all about these farms and explain fully every feature of this great auction sale. Along both sides of the great highway there will be tracts of little farms of about ten acres and dwelling houses on most of them. Back further from the highway on both sides the farms will be larger ranging from twenty to thirty acres or more. Down in the big bend where it is said to be famous fishing ground there will be laid off among the timber. Each fishing camp will include some timber and run to the river bank, including one half acre or more each. A space of ground running the most advantageous way from the brick-paved road to the fishing camp, also reaching the little farms all the way along. This ground that is cut out for the people to use going to and from their fishing and trucking farms will be stipulated in the deeds. We have been told that many of the farmers along the Scioto river don't like for the fishermen to go through their farms and travel over their crop which is very natural. If you are fortunate enough to get one of these fishing camp propositions all of this will be eliminated. You can own your own fishing ground and have a deed to it, where no one can molest you or make you afraid. A place where you can go at will and take your friends and your camping outfit and everything else necessary for having a real pleasure time.

EVEN TO SOMETHING FOR SICKNESS OR SNAKEBITES

THIS GREAT SCIOTO VALLEY WHERE THIS AUCTION IS TO BE CONDUCTED THURSDAY, JUNE 22

Is not like most all other good countries, for it seems that it has been WONDERFULLY favored by the Builder and Maker of this grand old universe for the name and fame of this fertile valley has almost reached the uttermost parts of this American country. This valley has been talked about. There have been poems written about the Scioto Valley by eminent writers, all of which have utterly failed in our judgment to explain the importance of this great country. Especially since the great trunk lines of railroads pass through this valley, and of still greater importance. One among the greatest brick-paved highways passes through almost parallel with the railroad and at the present time they have an up-to-date bus line traversing this valley from Portsmouth to Chillicothe, many times every day. They carry their passengers cheaper than the railroad trains. Their cars seem to be modern, and up-to-date in every respect and are operated and managed by gentlemen who seem to be unusually careful, polite and nice to their passengers. Go if you will up the Scioto Valley and view the agricultural movements, everything seems to be pulsating with the life-blood of thrift and business energy, puffing engines laden with cargoes of coal and other products bound for the great Atlantic Ocean where the sea-weeds are lashed on the American shores and where the big ships turn their steel prows towards the European country laden with American products and exchange the same for the shiny metal. A country that has been so specially favored as the country referred to above we declare ourselves wholly incapable and unable to explain and would only add here that the half has not been told and for the lack of time and space we close by adding that the Scioto Valley is highly capable of the nurturing of that high type citizenship for which she already stands in the front ranks.

FOR THE INFORMATION of those who may or may not be interested in the J. H. Brant farm to be sold at auction June 22, we wish to state that this farm has been bought straight out by the Southwest Land Company and belongs to them by right of purchase to sell, dispose of, or to do with it what they may see cause. Another sketch will appear in this paper next week in regard to some arrangements about dinner on the grounds, and other matters of interest.

THE MARKETS

NEW YORK STOCKS

NEW YORK, June 9.—The three percent opening rate for call money evidently offered little incentive to traders on each side of the market. Business during the morning was very light and the more substantial changes were confined to obscure issues. Among these were Dupont, de la Motte, Remington Typewriter, Fairbanks, Mallinson, Sterling Products and United Drug, these gaining one to almost three points. Domestic oils, Sinclair and Marland excepted, became reactionary and the so-called margin stocks were subjected to fresh selling pressure. Moderate offerings of Canadian Pacific, Railroad, preferred and Norfolk and Southern caused irregularity among the rails. Buying and selling orders in the stock market seemed to be quite evenly balanced at the irregular opening of today's session. The only issues to show more than nominal change came from American Sugar, which gained one point was speculative or selected specialties. Rails, steels, equipment and motors were fractionally higher or lower, oils showing a firm note. Prospects of easy money over the week-end added momentum to the activity of the early dealings. Foreign exchanges continued to react to latest developments in the German reparations situation. Mexican bonds again weakened, the 5's declining two points and the 7's 1 1/4 points. Selling pressure partly of an enervated character affected many extreme declines of 1 to 3 points in the

stock market today. Sales approximated 950,000 shares. The closing was heavy.

Chicago Grain And Provisions

CHICAGO GRAIN
CHICAGO, June 9.—Wheat turned downward in price today during the first part of the board of trade session, with attention chiefly given to the government crop report showing a probable yield of about 60,000,000 bushels more than was harvested last year. The big crop indicated for the territory contiguous to Chicago counted as a particular bearish factor. On the declines, however, elevator interests here took to the buying side. The opening, which ranged from 1 1/2 to 1 3/4 lower, with July 1.13 to 1.13 1/2 and September 1.13 1/4, was followed by a material further drop and then by something of a rally. Corn prices developed strength, despite the weakness of wheat. Bull leaders took the position that corn supplies were no longer a burden and that every bearish factor had been exploited to the fullest extent. After opening unchanged to 1/4 higher, July 60 1/2 to 61, the market scored material gains all around. Oats were depressed by the government report pointing to a larger crop than had been generally expected. The market opened 3/4 to 1/2 lower, July 36 1/2, and then sagged further before beginning to recover. Provisions were steadied by the upturn in the corn market.

THE WOOL MARKET

BOSTON, June 9.—The Commercial Bulletin tomorrow will say: "While the market at the eastern seaboard has been only moderately active, it has nevertheless been firm. In the west the new clip is moving steadily at firm prices also. The woolen mills are generally occupied by the worsted manufacturers, still

find business rather slow. The foreign primary markets are a bit easier on top making merinos, while good combing wools are firm. Yorkshire reflects the same condition of affairs, tops being down a penny to 54 pence for September-October delivery."

OBITUARY

Margaret Doris Wallace
Death at 4:30 Thursday afternoon claimed Margaret Doris, sweet little two-year-old daughter of Mr. and Mrs. Milton Wallace, of Mabert Road. Complications caused the child's death. Funeral services will be held Saturday afternoon and burial will be in Greenlawn cemetery.
The funeral will be held from the home of Mr. and Mrs. Marion Young, in Mabert Road, at two o'clock Saturday and services will be in charge of Rev. L. N. Kayser. Burial will be made in Greenlawn cemetery.

John Youngman

Word was received by relatives about five o'clock Thursday telling them the sad news of the death of John Youngman, son of Adam Youngman of 807 Harvard street, he passing away at the Soldiers' Home at Dayton where he had been making his home for the past eighteen months. Complications caused death after three years illness.

John Youngman, 42, was born in this city, a son of Mr. and Mrs. Adam Youngman. Practically all his life was spent in this city. He worked for a number of years in the Selby shoe factory, ill health forcing him to give up his work. At one time he was a foreman in the factory.

The deceased is survived by his wife, Mrs. Daisy Youngman, and a son, Earl Youngman of Columbus. He also leaves a brother Charles Youngman of Eleventh street, and two sisters, Mrs. Flora Hubert and Mrs. Cecel Stewart of Eleventh street. A brother, George Youngman, died in New York about fifteen years ago.

John Youngman was a veteran of the Spanish-American War. He was a member of Company H, Fourth Ohio Volunteer Infantry, in which organization he served nine months. He was a member of Peerless Camp, Spanish War Veterans. The deceased was also a member of Bigelow church.

The body is expected to arrive home tonight or Saturday morning and funeral services will be held sometime Monday with burial in Greenlawn.

Funeral Of Mrs. Workman

The funeral of Mrs. Edith Workman, wife of Joseph L. Workman, who died at Ironton Wednesday, was held from the Workman home in Wheelersburg this afternoon at 2:30 o'clock with Rev. Kirk of the Wheelersburg M. E. Church in charge. The burial was in the Wheelersburg cemetery.

Funeral services for Mrs. John

Funeral services for Mrs. John Mary's church Thursday morning at 8:30 by Father T. A. Goebel and the last rites were largely attended. There was a wealth of floral tributes, which showed the esteem in which she was held in this community. Mrs. Mary was laid to rest in Greenlawn. Following were the pallbearers: John W. Snyder, Bernard Sommer, George Sommer, Joseph Melcher, Joseph Albrecht and Albert Reinhardt. Out of town relatives, who were present at the services were Jacob Schimpf of Florida, Sister De Paul of Winona, Minn., Mr. and Mrs. Michael Marx of Cincinnati and August Laubley of Marysville, Ky.

ARE YOU A \$12,000 MAN?

If you are a real, sure-enough producer—a man who can go out and make \$12,000 a year on a product with qualities placing it in a sales class by itself—you are the man we want. You will have to be a salesman yourself and capable of organizing and directing a sales force in from eight to ten counties.

DO YOU KNOW FARM FOLKS?

You must know farm people—be able to meet them, talk to them, sell them. If you come from the farm, so much the better. The essence of the thing is to know that selling the farmer is a different thing from selling the city man.

LIGHT AND POWER ON THE FARM

Farmerlectric is a light and power plant manufactured by people who have been building precision machinery for nearly 30 years. Farmerlectric will do everything any other plant will do—only do it easier, cheaper and better. The farm field is being told about it—see The Ohio Farmer for June 3, 1922.

THE MAGIC OF FORD PARTS

Farmerlectric is "The Ford Parts Plant." Farmers know Fords and of the many exclusive advantages possessed by this plant the fact that the working parts of the engine are interchangeable with Ford parts makes Farmerlectric sell five times to the farmer. Fellow's once. It means simplicity, reliability and durability.

Impressiveness And Simplicity Mark P. H. S. Graduation Exercises

100 Graduates Receive Diplomas; Congressman Fess Delivers Address

Close to 100 persons filled the Portsmouth High School auditorium last night when commencement exercises were held for the 1922 class of 100 students, the second largest class to ever leave the portals of P. H. S. with their coveted diplomas. These were proof that they had completed their elementary and four year high school course and affords a passport to many colleges in the country.

The graduation was the climax of a week of activities arranged for the Senior class members who are leaving the Red and Blue to cast their lives elsewhere. The exercises were most appropriate and impressive, the large class seated in tier formation occupying the entire stage. The young ladies were dressed in white, with stockings and slippers to match, while the young men wore white trousers with dark coats. To the right of the class were Superintendent Frank Appel, Congressman S. D. Fess and W. B. Altman, president of the Board of Education.

The front of the stage was covered with flowers, cut and potted plants, neatly arranged about the footlights. The class motto, "Always Prepared," in Latin, was arranged on a trellis work of open blue with letters of maize.

One large basket of flowers was a present to the class by Mr. and Mrs. R. E. Scott of Eleventh street, who gave the flowers in memory of their beloved son, James Scott, who was president of the Junior class last year, the class that graduated last night.

The first number on the program was "Mama's Lullaby," a melody that breathed the tender strains of "Home Sweet Home." The chorus numbers were sung by the class with a depth of feeling and a rare harmony of voices fitting the selections chosen. The invocation was spoken by Rev. Hugh L. Evans, of the Second Presbyterian church. The next number was another selection by the chorists of graduates. "Trees," Joyce Kilmer's undying lines to a tree, framed in beautiful music.

Miss Gladys Selby was soloist for the second number. Congressman Fess Talks Superintendent Frank Appel introduced the speaker of the evening, Congressman S. D. Fess, in referring to the distinguished visitor.

Prof. Appel said that it was his pleasure to introduce the same gentleman to a Portsmouth audience in January and that he was at a loss for words to properly introduce such a friend, scholar and statesman again.

Dr. Fess spoke of the greatness of America, and attributed that greatness largely to the country's schools. He said that it is not the richness of the fields, the wealth of the mines, the network of railroad lines, the skill of the mechanic, and the force of the business man that the secret of greatness lies, but in the ability of the nation's men and women; their power to make the world a better world. He lauded the home and praised the church for their part in forming the entire stage.

The young ladies were dressed in white, with stockings and slippers to match, while the young men wore white trousers with dark coats. To the right of the class were Superintendent Frank Appel, Congressman S. D. Fess and W. B. Altman, president of the Board of Education.

to earn their living by its practice.

As originally adopted, this law applied only for facilities to teach industrial and agricultural vocations in the school. But the women of the nation demanded extension of the vocational training facilities so as to include home economy. To meet this demand, I have introduced in the House an amendment to the Smith-Hughes bill which provides that federal aid shall be extended to that states in equal amount to that for industrial and agricultural facilities for vocational training in home economics. I have every reason to believe that this amendment will be adopted.

Child Hygiene
"Federal aid," he states, "for preventive measures in child hygiene in the public schools is provided for in another bill which I have introduced in the House, and which is pending before the proper committee. This bill is designed to provide agency whereby the health and strength of our school children shall be safeguarded so as to eradicate preventable physical imperfections which left untreated in youth, will make the child a physically impaired adult."

"This bill is the direct result of the statistics and facts disclosed by the examination of men for induction into the army during the world war. According to Major General Wood, 27 percent of drafted men and others up for induction into the U. S. army service, were physically defective. Further, Gen. Wood stated that 80 percent of these defects were preventable had the defectives received proper attention during their childhood."

"The physical training bill is designed to supply just that agency so that these defects may be eradicated in coming generations of school children."

"Every American owes it to him or herself to be not only a valued and efficient member of their community and state, but to be a like citizen where the national government is concerned. Enemy propaganda during the war showed the need for Americanizing of all of our citizens. Our nation owes its security and development as a world state and as a natural leader of mankind in the vast progression toward a better world and country, to the understanding, loyalty and support of its citizens, men and women. This means they shall be not only mentally and physically trained and educated, but physically and vocationally fit as well."

sharply delineated, that the federal government has realized it has a need to give aid and support to the states in the work of education so that the product of our schools shall be better citizens from the standpoint of the federal government. Thus, it is that there is an increasing tendency by the Congress to further this idea by suitable legislation.

"I urge upon you graduates of Portsmouth high school a realization of the obligation you have of furthering the good of your community, state and nation by being in every respect citizens whose individual lives shall be a cumulative effort to make all our citizens true citizens of America in every sense of the word. You are the coming citizens into whose hands the welfare and development of your country is soon to be placed. As ye sow, so shall your nation reap."

Study The Creed
"Study well and learn by heart" the creed of Americanism which has been so beautifully and ably expressed by the clerk of the House of Representatives at Washington, Mr. Tyler Page. Learn this creed and then live up to it.

"This will mean you will be not only a better citizen, that your country will be a better country, and that you as individuals will make better fathers and mothers and more successful men and women in the years to come when you are carving your individual niche in life for you and yours."

At the conclusion of the address by Dr. Fess, President of the School Board W. B. Altman took the floor and in well chosen words complimented the young people of the class on the fine record they had made in the four years of high school study. He also made brief mention of the many years of hard work Miss Emily Hall had spent as teacher in the high school and paid a tribute to this woman, who has rounded out a period of fifty years of teaching in the local schools. On behalf of the Board of Education he presented the diplomas to the members of the class as they were called forward.

Closing Song
The closing song on the program was another chorus number by the Senior class. It was the Senior Class song written as a poem by Bert Leach of the high school faculty, the music being prepared by the class in theory. Prof. Foster Krake directed the singing, with Miss Oleta Albertson at the piano. Prof. Krake played the violin.

The class song was as follows:
The wind is strong, the way is long,
And the breakers roll before us
But faith is strong, we'll sing our song
And lustily chant our chorus.

So high-ho, cheerily oh,
Abroad in the waiting world we'll go
And comrades, whatever wind may blow
We'll find a right merry fate in.

The wind is strong, the way is long,
And the breakers roll before us
But faith is strong, we'll sing our song
And lustily chant our chorus.

So high-ho, cheerily oh,
Strong is our vessel and staunch we know
So sure to the bellowing wind we'll throw
As madly it races o'er us.

With right at wheel and steady keel
And hearts that dare disaster
And hearts that feel for the common weal
We'll reach our port the faster.

So high-ho, cheerily oh,
Abroad in the waiting world we'll go
And guided by our firm faith's glow
We'll be of our own fate, master.

CREED OF AMERICANISM

Congressman Fess, in his address to the graduates, stated the following creed which he recommended all Americans learn to know "by heart."

"I believe in the United States as a government of the people, by the people and for the people, whose just rights are derived from the consent of the governed. A democracy in a republic, a sovereign nation of many sovereign states, a perfect union, one and inseparable, established upon the principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes."

Therefore, I believe it is my duty to love it, to support its constitution, to obey its laws, to respect its flag and to defend it against all enemies."

The speaker explained that this creed of Americanism had been written by Tyler Page, clerk of the national House, who had been awarded for it a cash prize of \$1,000 by a society devoted to spreading the doctrine of Americanism during the war. The creed is unique, said Dr. Fess, in that it is composed wholly of wording culled from famous documents and speeches essentially a part of the glorious history of these United States.

THE FACE IN THE MIRROR

Your face, does it wear the contented expression of good health, or are the features drawn and pallid? In the latter case, your story is ready by all who see you, and what woman of spirit wants to be pitied for her physical condition? There is a way to get the nervous, tired lines out of your face and the slump out of your body. The use of that standard remedy, Lydia E. Pinkham's Vegetable Compound, will strengthen the nerves and tone up the system to resist that excessive fatigue, advertisement.

In the case of Mable Vogler against John Shriver, for slander, the Court of Appeals reversed the court of Common Pleas and remanded the case back to be tried to a jury. Miss Vogler is a prominent school teacher of Jefferson township. Mr. Shriver is a leading farmer. The suit was for fifteen thousand dollars damages, claimed to have been suffered by reason of talk that is alleged that Shriver told about Miss Vogler and Rev. Samuel J. Shaffer, pastor of the East Liberty church. The talk resulted in a church trial and this was followed by a damage suit. In the trial court, Judge Stephenson held that the language used by Shriver was not slander and the jury, by his direction, returned a verdict for Shriver.

Now the Court of Appeals holds that the language alleged is slander and that the court below was in error when it held that it was not slander. Rev. Shaffer is now located at Martinsville, Clinton county and Mr. Shriver has moved to near Rushtown. The case is rather sensational and will attract considerable attention when tried again, which will probably not be before the fall term of court.

Another case determined by the Court of Appeals was Compton vs. Compton et al., for partition of the Nancy Rothwell land. The case turned on the construction of the will of Samuel D. Rothwell, who died some forty years ago. The will was written by himself and Judge Stephenson held that the farm devised by him to his daughter-in-law, Nancy Rothwell was in fee simple, but the Court of Appeals held that the language of the will is not intelligible and that he failed to make any disposition of the farm after the death of Mrs. Rothwell, and that it now belongs to their heirs instead of the heirs of Nancy Rothwell as held by the court below.

Mrs. Rose Ellison, Miss Violet West and C. B. Holiday were shopping at Manchester Tuesday.

Mr. and Mrs. Welda Bowman and Mr. and Mrs. Oscar Stultz were guests of Peebles relatives Thursday.

UNCOMFORTABLE AFTER MEALS?

Then Try a Pinch of Black-Draught.
This White-Haired Alabama Lady Says It Helps Her.

Dutton, Ala.—In recommending Theodor's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said:

"I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am taking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know, for I tried it. It is the best thing I have ever found for the full, uncomfortable feeling after meals."

"Stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

For simple, common ailments, due to disordered stomach, liver and bowels, you will find Theodor's Black-Draught a useful and valuable remedy. The purely vegetable ingredients of which Black-Draught is composed gently stimulate the liver, increasing the flow of digestive juices, thereby helping to prevent or relieve constipation in an easy, natural way.

Insist upon Theodor's, the original and only genuine Black-Draught powdered herb and root liver medicine.—Advertisement.

SHOW YOUR LOYALTY BY DECORATING

Loyal citizens in every part of the city are called upon to show their loyalty by decorating the Spanish War Veterans monument, Monday, Tuesday and Wednesday. The organization has awarded a contract for the decoration of headquarters buildings, the high school and American Legion rooms, and the main street crossings, but each and every other citizen is called upon to decorate his place of business and home for the few days the war veterans will be guests of the city.

Flags and bunting should be used in profusion, in decorating the business places and homes. Close to 1500 persons, delegates and visitors, are expected here for the four day convention and during that time they are sure to visit all parts of the city on automobile trips and on such trips it would be good for the visitors to see the homes of citizens decorated in some manner to show that their visit is not overlooked.

The Spanish War Veterans were invited to hold their convention here and the local veterans promised them a hearty reception. It is up to the loyal citizens to assist the Peerless Camp Veterans and their Auxiliary in entertaining the large number of visitors expected during the four day meeting. To date nine hundred rooms have been reserved for delegates and visiting members, but many more are expected and many homes will have to be opened to the city's guests.

Advance word is that cities nearby are to send big delegations. Ironton is expected to be represented by a brass band. Other cities are expected to be well represented. Conventions at Loraine and Dayton were attended by between 1500 and 2000 persons and as this is the first time the encampment has been held in a river city as many, if not more persons are expected to attend this year's state meeting.

The convention opens Sunday with the general reception of delegates and a memorial service at the Columbus theatre at 7:30 o'clock. From then on sessions will be held morning, afternoon and evening, on Monday, Tuesday and Wednesday.

Death Wins In Race; Mrs. R. B. Smith Dies Before Husband Reaches Bedside

Friends of Mrs. R. B. Smith, of 1900 Timmonds avenue, will be sorry to learn of her death the final summons coming at the home of her parents in Peoria, Ill., Thursday afternoon.

She had been at the home of her parents in Illinois for about six weeks, going there to take treatment from a specialist. The family has lived on Timmonds avenue for two years. They moved here about five years ago from Peoria, Ill. Mr. Smith is an engineer in charge of construction work at the Whitaker-Glessner plant at New Boston.

Yesterday he received word that he was wanted at his wife's bedside and he left at once for Peoria, but about an hour after he left his mother, who was at his home here, received another telegram saying that Mrs. Smith had passed away.

His mother, of Chicago and his son, Ronald, left Portsmouth this morning for Peoria. Besides the husband and son she also leaves a daughter, Marian, who has been with her mother. She also leaves brothers and sisters, living in Peoria and Chicago.

Burial will be made probably at Peoria.

Blanche Sweet Marries
CHICAGO—Blanche Sweet, motion picture actress, and Marshall Neilan, her director, were married in the office of the county clerk here.

B. & O. TRAIN IS DERAILED

B. and O. Passenger train No. 33, due here at 7:45 o'clock last evening was held up by a wreck one mile east of Wellston last night, the train not arriving here until about 2:30 this morning, the local persons who were passengers spending several weary hours on the train.

The three coaches and tender and pony truck of the engine were off the rails, the two driving wheels of the engine being the only wheels of the train to stick to the track.

The train made the ties for some distance and badly damaged the track and ties, some of the ties being splin-

tered. The train had just passed over a trestle when it left the rails and jolted the passengers about in their seats.

The B. and O. wrecker from Chillicothe was called to rerail the cars and repair the track. An investigation is being made into the cause of the wreck.

SOCIETY

The annual election of officers of the Woman's Home Missionary Society of Trinity Church will be held at the monthly meeting next Tuesday with Mrs. B. F. Royce, 1421 Second street as hostess. Assistant hostesses for the afternoon will be: Mrs. Harry Dehner, Mrs. O. E. aBebe, Mrs. Leo York, Mrs. W. W. Robinson, Mrs. James Pfeiffer, Mrs. Ira Gose, Mrs. John Solner, Mrs. G. D. Hunt, Mrs. L. E. Ressler, Mrs. Harry Little and Mrs. W. T. Regan.

Mrs. W. W. Robinson will be devoted leader for the afternoon. A full attendance is desired.

J. R. Newman and daughter, Miss Marjorie Newman, of Soldiers Summit, Utah, are summer guests at the home of Mr. and Mrs. S. J. Newman, 1305 McConnell avenue.

Mr. and Mrs. C. L. White, 1227 Hutchins street, will attend the union memorial services Sunday at Stockdale.

An unusually large attendance marked the meeting of the Woman's Home Missionary Society of the Franklin Avenue Church, held yesterday afternoon at the home of Mrs. George Pressler, Highland avenue. The assistant hostesses were, Mrs. Floyd Unger, Mrs. Charles Kugelmann and Miss Emma Fritz.

Mrs. Lila Johnson was devoted leader for the afternoon. Miss Rose Wendelken was elected recording secretary to succeed Mrs. Roy Wendelken who has resigned. Plans were made to send ten rugs to the Peck School of Domestic Science and Arts at New Orleans, La., and also to hold a pillow-slip shower for the Allen Home for Girls, Asheville, N. C.

An interesting feature of the meeting was a talk given by Mrs. Selma Rideout, who has been teaching at the Allen Home, in Asheville, of the work being done by the girls.

Following the business session and program, light refreshments were passed. Plans were made for a picnic to be held in another month at the handsome Herms home, on Scioto Trail.

The regular meeting of the Loyal Bazaar Class of the First Christian Church, was unusually well attended last night, being held at the home of Mrs. Frank Hesselman, 1923 Robinson avenue. Following the business, a social hour was enjoyed, during which delicious refreshments were served by the hostess, assisted by Mrs. J. Newman and Mrs. E. Davis.

Mrs. Selma Rideout, who has been teaching at the Allen Home for Girls, Asheville, N. C., is spending the summer with her sisters, the Misses Ida and Clara Herms, Scioto Trail.

Group 11 of Trinity Ladies' Aid Society will hold a rummage sale tomorrow, beginning at eight o'clock in the morning at the corner of Twelfth and Gay streets. All kinds of clothing will be on sale at reasonable prices.

Mrs. Harry Adams and son, William, have returned from a motor trip to Muncie, Ind. They were accompanied home by Mrs. Adams' daughter, Mrs. C. B. Hiltz, and two children, James and Louise, who will visit here for some time.

Mrs. Odell Jones, who has been a patient at Hempstead Hospital, was removed yesterday to the home of her parents, Mr. and Mrs. Robert Watson, 1119 Tenth street.

Mrs. Charles Lenhart, Grandview avenue, who has been ill for the past week, is slightly improved.

Mrs. Clem Stine, Columbus, is here to attend the funeral of her nephew, James Fitzer, Mabert Road.

Miss Doris Stump, Harrisburg, Ill., is the guest of Mr. and Mrs. T. B. McConnell, for the summer months.

Mr. and Mrs. C. P. Duzan received the members of the Jiggs Club at their home on Robinson avenue last night. The time passed pleasantly in playing Five Hundred and at the close of the games the hostess served a delicious ice course. Guests for the evening included Mr. and Mrs. C. O. Whitcomb, Miss Edna Lynn and Miss Esther Kelley of Wellsboro, Ohio. Members present were Mr. and Mrs. Joseph Babcock, Mr. and Mrs. William Quinn, Mr. and Mrs. Ellsworth Damon, Mr. and Mrs. Vaughn Finney and Mr. and Mrs. C. P. Duzan.

The Woman's Foreign Missionary Society of Bigelow church will meet next Tuesday afternoon at the home of Mrs. O. J. Russell (Effie Walker), 1539 Fourth street, with members of Group Nine in charge. Members of this group are Mrs. Merl Dandit, chairman, Mrs. Floyd Fuller, Mrs. W. D. Horr, Dr. Ida Keges, Mrs. Eugene Redemey, Mrs. Al Windel, Mrs. Florence Peterson and Mrs. O. J. Russell.

The following congenial group motored to "Squirrel Inn," the summer home of Mrs. Mary E. Bannon, yesterday, where they enjoyed a delightful picnic. Those in the party included Misses Joan Pursell, Persis Bannon, Ruth Lloyd, Virginia Blake, Nancy Grimes, Elizabeth Meyers, Dorothy Manning, Regina Reitz, Charlotte Frowine, Margaret Burns, Ruth Gibbs, Messrs. James Gover, James Miller, Glen Scott, Clarence Carter, Olin Manning, Jim Ruggles, Coleman Grimes, Andre Steinhart. The young folks were chaperoned by Mrs. Mary E. Bannon and Mrs. Newell Clark.

Mr. and Mrs. Ralph Kinkor and son, Richard Lee, and Mrs. Maud Rickard of Scioto Trail, Mrs. Norma Fulton and daughter, Miss Verla Fulton, and Mr. Richard Appleton of this city motored to Miffland recently and spent the day with Mr. and Mrs. D. M. Rambo.

Miss Dorothy Helt entertained a congenial group of High School girls with a charming nine o'clock breakfast yesterday morning at her home, 1536 Second street. The table was prettily arranged with roses and sweet peas and places were marked for Misses Bertha Moore, Margaret Nondorfer, Lorraine Harris, Mildred Schloss, Charlotte Frowine and Dorothy Helt.

Following their usual custom, the ladies of the West Portsmouth W. C. T. U., distributed beautiful bouquets to various places in the city this morning. The Times office was among the places favored with a lovely bouquet of roses, sweet peas and carnations.

DROWNS SHORTLY AFTER HER GRADUATION

SPRINGFIELD, O., June 9.—(By the Associated Press)—Miss Henrietta West, 14-year-old daughter of Mr. and Mrs. Carey West, of Xenia, was drowned yesterday in the Little Miami river at Clifton, eight miles south of here. The girl, who had graduated earlier in the morning from junior high at Xenia, had gone to Clifton in the afternoon with a party of friends for a picnic. While bathing in the river, she went beyond her depth. Walter Smith, instructor

STUDENTS, TEACHERS HONOR MISS EMILY BALL

Miss Emily Ball, who has completed her fifteenth year of teaching in the Portsmouth public schools, was honored today when the final sessions of the high school were held.

Shortly after school started at the regular hour this morning the entire P. H. S. student body assembled in the auditorium, where the Senior class presented to the school an enlarged framed photograph of Miss Ball. This is a gift from the Senior Class to the school.

Howard Harris, president of the Senior class, made the remarks of presentation, with Prof. H. H. Eccles accepting on behalf of the school.

About eleven o'clock the teachers and several invited friends of Miss Ball gathered in one of the class rooms and prepared a big surprise for Miss Ball, who was later called into the room.

She was presented with a beautiful silver loving cup by members of the class of 1922. Several members of the class were present. The other gift was a friendship calendar containing about 400 names, the names being written by former pupils of Miss Ball, who are now located in all parts of the world. The calendar has been in preparation for six months. Friends here started the calendar and sent leaves

of it to former P. H. S. students, the former students signing their names and returning them in time for the presentation of the gift today. No doubt Miss Ball will prize this gift most highly of all for the 355 leaves of the calendar contain more than 400 names, which means some leaves have several names on them.

Prof. H. H. Eccles presented both gifts on behalf of the class of 1922 and former P. H. S. students.

Prather Body Identified

The following from the Cincinnati Enquirer Friday is of interest here as the Prather family is well known in this city:

Mrs. Mamie Prather, 1230 Halpin av. yesterday identified the body of a man found in the Ohio river below Cleres Wednesday as that of her husband, William H. Prather, who disappeared last December, and whose coat and hat were found on the deck of the steamer Morning Star, which was moored at the time. Identification was made through gold bridge work on Prather's lower jaw, and a pocketbook. William B. Prather, 3126 Willis avenue, a cousin of Prather, also identified his body.

Told To Behave Themselves

Millie Willey of Front street appeared in Municipal court Friday afternoon to answer to a disorderly conduct charge, filed by Garnet Cline, a neighbor. Testimony showed that there was only a heated argument between the two and he dismissed the case with warnings to both to behave themselves in the future.

Dick Pledges Support To Harding Administration

WASHINGTON, D. C., June 8.—(By the Associated Press)—Former U. S. Senator Charles Dick, of Ohio, who filed notice of his candidacy for the Republican nomination for U. S. senator, issued a formal statement today in which he said that it was his intention to support the policies of President Harding and the Republican party.

Mr. Dick declared that a reduction of taxes was necessary, that a thoroughly protective tariff law must be enacted and that the federal reserve act needed important amendments.

Legislation for the benefit of agriculture, establishment of a powerful merchant marine and generous consideration of "the surviving soldiers of all our wars" also, he said, occupied a prominent place in his platform.

The former senator declared that labor need neither be discriminated against nor denied the opportunity, through its organizations, to protect in every lawful way its rights and privileges. He called attention to his support of "woman's suffrage from the first agitation of the question."

Heavy Rain Sweeps Lyra

A terrific wind, rain and electric storm swept Lyra and other sections of the eastern part of Scioto County Thursday afternoon and caused considerable damage to growing crops. It was the heaviest rainfall in years in that section.

Benigno Denied A Rehearing Of His Case

COLUMBUS, O., June 8.—(By the Associated Press)—Domestic Benigno, convicted of complicity in the 817-Farmer pay roll murders at Cleveland, must die in the electric chair at the Ohio penitentiary on June 18, the supreme court decided today when it refused to rehear his case on an error appeal. Frank Molto and Sam Purpera already have paid the supreme penalty in connection with the same murders.

Louis Komer, another member of the gang, is serving a sentence of life imprisonment. He turned state's evidence. Two others are said to be in Italy.

Final disposition of Purpera's case, which had attracted great attention because of the extreme youth of the Cleveland Italian, had been held up for months, pending the outcome of an appeal in Benigno's behalf in the district court of appeals at Cincinnati.

SOCIETY

Closing festivities at the Union Street school included a delightful party at nine o'clock this morning. The party was given in honor of the forty or more members of the Eighth Grade commencement class, and for the Athletics of the school. These included the boys and girls who took part in the basketball, foot ball, base ball, volley ball and track meet games during the school year. The teachers took this means of showing their appreciation for what the Athletics had done for the Union Street school.

The party was held in the kindergarten room of the school, which was beautifully decorated for the occasion in the school colors of orange and black.

Streamers of orange and black were draped about the room, which was centered with a large table, also decorated in the same colors. The eighty-eight pupils were arranged in a line and as they marched past the booth they were served with sandwiches, ice cream, cake and candy. The favors were yellow and black boxes filled with candies. Various games and piano music by the pupils added to the pleasures of the party.

The committee in charge of the affair included Misses Helen Chick, Freda Henge, Thelma Ricker, Clara Cropper, Minnie Clark, Violet McFarland and Elizabeth Duda.

Miss Katherine B. Williams, principal of the school, and Miss Carrie Zottman, the supervisor, were also honored guests.

Mrs. Noah J. Dever of Gallia street left this afternoon for Jackson to attend the funeral of Mr. George W. Gilliland, which will take place Saturday afternoon at two o'clock. Mr. and Mrs. W. R. Sprague, Miss Alice Dever and Mr. Frank W. Moulton will go up tomorrow morning to attend the funeral.

Mrs. A. E. Everard welcomed the Priscilla Club to her attractive home on Franklin Boulevard yesterday afternoon. Roses and other June flowers were used in decorating the rooms and the afternoon was pleasantly spent in fancy needlework and social conversation. At five o'clock a delicious ice course was served to the members and guests present.

Miss Emily Wilhelm who has been teaching school at Cleveland, will arrive home this evening to spend the summer vacation with her parents, Mr. and Mrs. Charles Wilhelm of Fourth street.

At the regular meeting of the Ladies' Auxiliary to the Railway Conductors, Wednesday afternoon, plans were completed for a picnic to be held at Wheelersburg on Thursday, June 22nd, for the members and their families. Those going are requested to meet at Brady's hall at nine o'clock in the morning. Those having machines should come prepared to drive them.

GRADE COMMENCEMENT AT NEW BOSTON LAST NIGHT

New Boston high school auditorium last night was crowded to the seats for the first eighth grade commencement. The ceremony was held at New Boston with forty-five young people in the class receiving certificates of promotion showing they had completed their elementary school work with success.

A splendid program was arranged for the graduation exercises. Prof. H. Finney of this city delivered the class address. He chose for his subject "Character Building." In his address Prof. Finney touched on the important part that education plays in character building. He also stressed the importance of choosing the right ideal and said that the young people should expend a certain amount of hard labor in bringing that ideal into a real thing. He also mentioned that a goal should be chosen early in life so that the person can strive for one definite purpose. He gave an illustration by saying that Mr. Wright in 1870 gave his sons a big balloon to play with and that they carefully kept it and worked with it and other balloons and later

invented the airplane and big balloons. Mr. Finney also said that it was important for the parents to continue to hold the ideal before the children. Before closing he touched on the benefits of education and urged all who could to go on to college that they might fit themselves better for the task they would undertake later in life.

The essays and papers by the students showed that they had spent many hours in preparation, their work receiving much applause from the big audience. The program in addition to the class address was as follows:

March—Miss Doris Moore.
Invocation—Rev. L. C. Watts.
Reading and Listing—Louise Douds.

Work—Lillian Clarke.
A Letter—Hazel Meek.
Get Out of Doors—Hazel Glenn.
Things Not Done Before—Curle Benner.

Class History—Thelma Mohr.
Three selections by 8th grade Glee Club.

Duet—Mary York and Anna May Duncan.
Presentation of Diplomas—Chas. V. Smith, principal of grade school.

Welcome—Prof. Thurman Smith, Principal of high school.
Benediction—Rev. Robert Allbaugh.

Beetham Declares Against Extravagance In Primaries

COLUMBUS, O., June 9.—(By the Associated Press)—In filing his declaration as a candidate for the Republican nomination for governor, Rupert R. Beetham, of Cadiz, speaker of the Ohio house of representatives, today declared against the extravagant expenditure of money at primary elections and declared that he will conduct an inexpensive campaign.

In a statement, he said that campaign expenditures should be published before election and not after, and that he would publish his expenditures before the primary election, and would call upon all other candidates to do the same.

"Can it be possible," his statement asked, "that we are to reach a place in a democracy where only the rich

or those backed by strong special interests can be elected to high office. I do not believe it. This is a nation of common people and such it will remain.

"If nominated and elected governor, I shall endeavor to have the assembly enact laws that will stop the great expenditures in the future and compel the publishing of the amount before the primary instead of after."

R. M. Black, of Harrison county, who filed Mr. Beetham's declaration, declared that Mr. Beetham had no Columbus organization and no paid workers, and that such support as he receives will be of a voluntary nature.

The Greeks began in works of art exactly where the Egyptians left off.

Noted Japanese To Attend Sunday School Convention

Shoichi Imamura, general secretary of the National Sunday School Association of Japan, with headquarters at Tokyo, is to be present at the State Sunday School Convention to be held at Canton June 13-16.

Mr. Imamura is a man of great influence in Japan and is a personal friend of General Secretary Arnold of the state association.

An unusual feature of the coming convention will be a radio set with amplifier installed for the great banquet to be held the first night of the convention, to enable the banqueters to "listen in." An effort is being made to arrange for special messages to the banqueters from Detroit and other cities.

In addition to the great sessions where the delegates may hear great inspirational addresses, conferences and institute will be held each afternoon. Special provision has been made for those who are interested in Week Day Religious Education. Institutes are to be held for Daily Vacation Bible School and Week Day School of Religion leaders.

Credentals may be secured from Mr. W. W. Gates, 1231 Gallia street, also certificate entitling delegates to reduced railroad rates.

EMPLOY ATTORNEY TO COLLECT REWARD

Officers Branham and Schroeder, who arrived home from Williams-town, Ky., had to engage the services of an attorney before they could collect a reward of \$500, which they were promised for nabbing three men here who burglarized the store of Carter and Frakes in that city. Covington offices claimed part of the reward, but they did not have anything to do with the arrest of the robbers. They were finally given their reward and after paying their attorney and other expenses they came home with about \$385.

Games This Week
Friday, June 9—Vulcan Last vs. Central Labor.

The Vulcan Last outfit, grabbed off another victory at the yard Thursday evening when they licked the N. & W. crew still further into the depths of the dismal and gloomy cellar, the winners easily plucking off the combat by fast work behind the sterling pitching of their crack southpaw, "Doc" Baughman, who was in great form and as a result the railroaders valowed in the dust all the way. He only allowed the Wells gang four hits, two of which were of the scratch variety, scattered in as many rounds, and only two runners got as far as second base. Eight of the enemy batters fell victims to the skill of the Last maker box artist over the strike-out route and Baughman experienced little difficulty in administering a thick coat of kalamintine to the faces of the choco-cho boys.

"Dr." J. Hunter on the hill for the losers, also pitched well, but his companions flattered on several occasions and this punk work on the green accounted for at least three of the four markers registered by the league leaders. The contest was reeled off in good time and was an interesting exhibition throughout.

The game play by play:

FIRST INNING
Shultz flied to deep right. Haupt fanned. Stuten beat out a well placed hunt, and stole second. Valodin rolled in to short and Henge threw wide. Stuten scoring and Valodin going to second. Keyser flied to right. One run, one hit, no errors.

Henge rolled to second. Shoemaker ditto. Wells fanned. No runs, no hits, no errors.

SECOND INNING
McDaniels line singled to middle and stole. Thimmes' single went through Wells. McDaniels scoring, and Thimmes taking second on Fannin's error. On Baughman's trap to the box, Thimmes was tossed out at third. Smith hit into a double play. One run, two hits, one error.

Wells fanned. Hicks singled to second. James lined to Thimmes. Meyers grounded to first. No runs, one hit, no errors.

THIRD INNING
Shultz grounded to second. Haupt singled past third. Stuten singled to center. Valodin sent a long fly to center, with runners moving up. Haupt was caught off third on Hunter's snap toss and Hicks chucked him out at the plate. No runs, two hits, no errors.

FOURTH INNING
Keyser beat out to McDaniels grounded to third. Thimmes fanned. Baughman flied to Wells. No runs, one hit, no errors.

Shoemaker flied to middle. Wells grounded to the box. Wells beat out one to short, going to second on Smith's wide pop. Hicks rolled to second. No runs, one hit, one error.

FIFTH INNING
Smith singled to short. Shultz sacrificed. Haupt was spared on Wells' error and stole. Stuten's single squeezed Smith home. Stuten stole. Valodin sent a long sacrifice fly to left. Haupt scoring. Stuten died trying to steal third. Two runs, one hit, one error.

James doubled to left. Meyers fanned. Fannin flied to right and James was doubled off second. No runs, one hit, no errors.

SIXTH INNING
Keyser fanned. McDaniels was hit by pitched ball. He stole and went to third on Henge's error. McDaniels was pounced and ran up and down the line like a shuttle in a Singer sewing machine. He was finally slain. Thimmes walked. Baughman

NATIONAL LEAGUE

BROOKLYN, June 9.—Cincinnati stopped Reuther's winning streak of eight straight games, knowing him out of the box in the third inning and making it two in succession from Brooklyn. The score was 7 to 2. Kixey pitched shutout ball up to the eighth when Cavney's wild throw, a triple by Grifith and Wheat's scratch gave the Dodgers their win.

TRUE? NEVERTHELESS

FOR nearly three-score years a remark pertaining to the character of war credited to Gen. Sherman has been repeated until it is inseparably linked with that famous warrior's name. Now a Civil War veteran who was dispatched bearer for Gen. Sherman and who claims to have been present at the time the sententious truth was alleged to have been uttered, gives a different version which robs the remark of much of its force and the general of an utterance that is no less true, if he didn't say it.

This incoherent says that Gen. Sherman, when he met the mayor and officials of Fayetteville, N. C., and was asked not to enter the city among other things remarked: "War is cruel." A correspondent who was present strengthened the general's expression in transmitting it. The latter version has become an apothegm and is always associated with Gen. Sherman.

Why this veteran delayed his correction so long is not explained. He must have known how general was the misstatement of the remark. Granting that what he says is true, perhaps the correspondent appreciated that "war is cruel" didn't have the punch to make it famous and thought he could improve it to the benefit of Gen. Sherman's reputation in art of expression. We now know that the sentiment is an underestimate of the fact as applied to war in this day, though it comes about as near to expressing the idea as the restrictions of our language, inadequate when discussing the subjects of war, will permit. At the same time this man who undertakes to combat the authorship of so universally accepted a remark may have allowed the lapse of time to cloud his memory. His recollection may be less accurate than he thinks. Perhaps Gen. Sherman did say it.

How often are our beliefs bumped by the idol-shattering crew? It is now averred that Gen. Pershing did not say at the tomb of the great Frenchman: "Lafayette, we are here." How many other utterances that have passed into history are without foundation in fact? Yet, there is this: They might have been said with truth and appropriateness. The lesson is not lost because some of the setting is fiction.

RAW MATERIAL IN MAN

WHEN one is inclined to swell up over the thought of one's importance in the world it might be well to reflect on one's actual value in the market at the rate of 60 cents a hundred pounds. A scientist has estimated the constituents of the average man, weight about 150. In that body there is enough fat to make seven bars of soap, enough salt to fill a small shaker, iron to make two 2-penny nails, lime to whitewash two chicken coops, and enough sulphur to kill the fleas on the average dog. Thus the genus homo ranges in value from about 60 cents to around \$180.

Valuable animal! A hog is worth a lot more. Consideration of one's bodily constituents convinces that man is made of pretty common material. Soap grease isn't pleasant stuff to handle, yet there is more of that in volume than anything else. The scientist's analysis is not even as gratifying as the Biblical statement in regard to mud, for dust becomes mud when it is wet. The expenditure for raw material is not great. That much is clear. This is one side of the subject.

When we reflect on what that combination of soap grease, whitewash and other ingredients is able to do when mixed properly we are forced to the conclusion that it was a remarkable job. Certainly there was little to work with when such material was used and the results are all the more creditable when the output acts according to the original design and fulfills the purpose of his stay on earth. It demonstrates that a good product can be made from discouraging elements. Not that every person is good, but that the idea back of the product was good. How the individual acts determines whether he is just a mixture, or, vastly more than that, is a man according to the design of the Creator.

Of course there is more goes into the real man than the chemist can find in his analysis; and that is what lifts man above the rest of creation, makes him more than so much raw material. If it were not so, man would be of about the least value conceivable. It lies with the individual to determine whether one is a mixture or a man. One can be either.

They first started using blank space in separating words in writing in the tenth century. The use of the same in thinking was started by Adam when he fell for the apple.

When a man sees a girl wearing earrings he invariably has an almost overpowering curiosity to find out what she has them attached to.

The more one reads about them, the more he becomes convinced that those soviet statesmen are not even fourth-rate politicians.

The average man still has a chance of living to an old age if he doesn't make home brew and doesn't sample his neighbor's.

Many congressmen could earn more in private life, says one of them. They'd have to if they were working for someone else.

With everything from a slow, gradual movement to a boom predicted, that cut in freight rates will have difficulty in living up to expectations.

"Cross crossings cautiously" is the new slogan, but it will have to go some to be more effective in filling morgues than "stop, look and listen."

The Kentucky judge who has started a crusade to make the mountains of his state as safe as the streets of a city is not aiming high.

THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

THE REBELLION OF KORAH

KORAH, Dathan and Abiram with two hundred men of Israel arose against Moses and Aaron and said they had no right to rule. Korah wanted to be the priest. Moses commanded Aaron and each of these men to put fire in their censers and go to the door of the tabernacle and see which the Lord would choose for high priest. More of the people came to rebel. Then the glory of the Lord appeared to all the congregation. The ground opened and swallowed Korah and all who were with him. For this God sent a plague, which killed many of the children of Israel.

New York-Day-By-Day

BY O. O. MCINTYRE

NEW YORK, June 9.—Thoughtful. Weary ditch-diggers stop to watch and attempt feeble jocosity. Riding academies and groups of lank, ashen grooms. There goes Mrs. Howard Chandler Christy out for a can-can. A Viennese pastry shop heralds: "All of our waitresses are red-haired."

A Chinese laundry in the perfumed area of Madison Avenue. My hooded ambition was to learn their labial technique of sprinkling shirts. A street of private boy and girl schools. An air of profound pedagogic riddle-mumble. My vote still goes for the little red school house. And the bean-shooter.

A Russian prima donna. With coal black eyes and a passionate gusto. Convey Tattle with a white Eskimo dog. Blurred faces in the dim lit waiting room of a Swami. How does one learn the Swami business? A Greek theatre for al fresco spectators. Many of whom couldn't pass the Bert-Simon test.

The push button period. Front doors that swing open to electricity. Always a crowd gazing at the facade of St. Thomas. Bronzed and worldly sea captains enjoying a promenade. The sailor boys spend their off hours rowing in Central Park lake. Brander Matthews.

Shifting procession of glossy motors. A lap dog in every limousine.

Frederick Macmonnies, the sculptor. His "Civic Virtue" puffed him into the first pages. A fat, beefy shirt-sleeved fellow with hairy forearms carrying a butterfly net. Doesn't seem right. Anyway, if a fellow wants to chase butterflies, why not go over on Broadway?

A Lotherio came out of the exclusive East Side recently to mingle with the white light crowds. He was attracted to a reigning beauty in a musical comedy that has had a long run. Her part in the show is negligible, save that she wears stunning gowns. An introduction was sought and several nights later he took her out for an after-theatre evening of the cafes. The sum total of her conversational powers was expressed in the one line: "Ain't that just perfectly dandy?"

Gypsyland, a nocturnal haunt that had a sudden popularity after midnight, has been closed. It was over on Second Avenue, but it brought the Broadway pleasure chasers. In fact

too many of them for the police stepped in. One of the chief amusements of the evening was a pair of roosters that were placed on a table in the center of the dance floor. A pan of Scotch whiskey was furnished from which they drank copiously and the amusement was furnished by the interest of the crowds in watching them get gloriously sophisticated. They staggered about, flapped their wings and at intervals would crow lustily.

There is another story about a poet who took a Broadway chorus girl to the Metropolitan galleries. She gazed about at the fine paintings and listened to the inspired eulogies of the verse-maker. As they were leaving she turned to him and said: "Well, I ain't taken up culture yet, but when I do I'll make it hum."

Educational Note: The building now occupied by the Faculty Club of Columbus University was formerly an asylum for the weak-minded.

And Soberly Put

During the trial of a case in a Boston court it became necessary to call to the witness stand a lady's maid.

"Where were you at 6:45 on the evening in question?" was the first query put to her by the examining counsel.

"Dressing the hair of madame," was the response.

"Now," said the attorney, very solemnly, with uplifted finger, "think very carefully before you answer. Was or was not your mistress in the room at that time?"

He Knew

The old farmer was hauling a load of hay down a narrow road. As he rounded a corner a big automobile containing a man and his wife met him. Both lay wagon and car stopped suddenly.

"Hello!" said the farmer. "Sorry, but it looks like one of us would have to back out."

"Yes," said the man in the car. "I'll back out. I can do it easier than you."

"No," his wife spoke firmly. "This motor backs out for no load of hay!"

"Never mind," said the farmer. "I'll back out. I've got one just like her at home."

Professor: Yeth'm! I'm sure you are a fine dancer.

Lady: How in the world can you tell?

Professor: Yeth'm! By your figure. I can see that you are perfectly at home in a series of rhythmic concerted movements and steps tuned to music, being so light on your feet. Mine! Ma'am? It's a dream.

Reducing Exercise

"The fellow who called it physical torture wasn't so far wrong at that."

"Have you tried those bending over exercises?"—Courier Journal.

Style Note

Cried to Old Grad: Remember when you first knew me I was a little girl in short skirts. Haven't I changed?

Old Grad (doubtfully): Well, you are no longer a little girl.
